

Your finishing partner

Important Announcement

UNITECH TEXTILE MACHINERY S.P.A. ("Unitech") is pleased to announce that the action commenced by BRÜCKNER TROCKENTECHNIK GMBC & CO KG ("Brückner") at the *ITMA 2007 in Munich* as well as the subsequent lawsuits brought by Unitech against Brückner have been finally settled by the parties.

Pursuant to the terms of the settlement, Unitech has the unrestricted right to design, manufacture and sale the *stenter* frame model REDevo4 DUAL FLOW and REDevo5 DUAL FLOW.

Unitech would like to take this opportunity to thank its customers for their continued support. Their appreciation and encouragement has strengthened our belief that we have always conducts ourselves in a correct and professional manner.

It is not our habit to indulge in polemics. To the opportunistic and self-serving statements of our competitors we prefer to respond with the quality of our products and the unmatched level of our customer service.

On these grounds Unitech is ready to challenge our competitors day after day, confident that quality products and professional service is what singles Unitech apart from the competition and matters the most to our clients.

Thank you again for your support.
