TRANSFORMING THE WORLD OF TEXTILES

Full Series of ITMAlive Season 2 Released

Follow established leaders of the textile and garment industry as they delve into the topics on automation and digital future, and sustainability and circularity in the final episodes of ITMAlive Season 2. The entire series including the first 2 episodes on advanced materials and innovative technologies is available for on-demand viewing.

Episode 3: Automation & Digital Future

How does the future of manufacturing in the textile & apparel value chain look like in the digital age? The smart factory is no longer a want but a necessity as the factory of the future.

Watch now

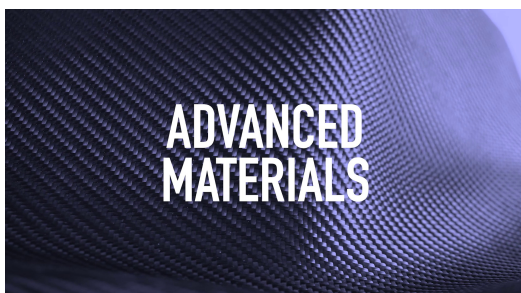

Episode 4: Sustainability & Circularity

Industry experts discuss why the textile industry needs to move towards a circular way of doing business to build a more sustainable future.
