TRANSFORMING  
THE WORLD  
OF TEXTILES

## Pivoting Towards Digital Transformation & Circularity

Themed “**Transforming the World of Textiles**”, **ITMA 2023** is the leading business platform where the global textile industry converges and engages in meaningful conversations on building more robust businesses, improving transparency and traceability in the supply chain, as well as creating a more sustainable future.

The rise of Industry 4.0 that has reshaped many manufacturing processes, allowing for more efficient production, and making what was once impossible possible will also be one of the key focus at **ITMA 2023**.

In line with the textile industry's top priorities, **ITMA 2023** will cast spotlight on the following 4 pillars:

**Advanced Materials**

**Automation & Digital Future**

**Innovative Technologies**

**Sustainability & Circularity**
