Textile Finishing Machinery

OFFICINA MASTER CELEBRATES 35 YEARS IN BUSINESS

Prato, January 2022 – OFFICINA MASTER celebrates 35 years in business. **Since 1987, it has been manufacturing machinery for textile finishing and nonwoven sectors with passion and competence.** Since then it has been at the side of its customers, meeting their needs and studying even the most particular requests, taking care of every phase of the project, from design to erection and commissioning.

“Many years have passed since I decided to undertake this path - says Mr **Raffaello Livi**, owner of the company. - After graduating in mechanical engineering, for 20 years I occupied the role of manager in one of the leading companies in the construction of spinning machines. After that, a strong entrepreneurial drive and the desire to test myself led me to enter the finishing sector and open what was initially a small artisan workshop. The transversal experience in various sectors of the textile industry were essential to understand the needs of my interlocutors and to develop different types of machinery. Over time, I have adapted the spaces and human resources to the new requirements and the growing requests from customers, always following my passion for mechanics and making that small workshop the company it is today.”

The tradition of OFFICINA MASTER are the **Tentering machines**, both in the classic model and those with inspection table or in the compact version, the **Steamers**, various kind of **Winding machines**, even with **automatic packaging** etc. An extensive catalogue, whose **100% Made in Italy** production includes different types of machines, ranging from the simplest device to the most complex and automated production line.

The characteristic that distinguishes OFFICINA MASTER is the flexibility in developing **tailor-made solutions**. The technical department, which has always been committed to research and development, is able to carry out **special projects** to increase the machine production capacity, automate processes and reduce processing times.

To complete a turnkey supply, the quick and attentive after-sales service is ready to assist you with courtesy and efficiency with our **highly qualified staff**.

Dal 1987
Esperienza. Flessibilità. Affidabilità.
