ITMA ASIA + CITME 2022 GENERAL REGULATIONS

This document contains the legally binding text of the ITMA Asia + CITME 2022 General Regulations.

A1 Organisation

CEMATEX, Le Comité Européen des Constructeurs de Machines Textiles, is an association (Verein) according to Articles 60 ff. Swiss Civil Code, having its legal domicile in Zürich/Switzerland; c/o Swissmem, Pfingstweidstrasse 102, CH-8037 Zurich, Switzerland, hereinafter called "CEMATEX". CEMATEX has members in the following countries: Belgium, France, Germany, Italy, Netherlands, Spain, Sweden, Switzerland and United Kingdom.

CEMATEX is the owner of the International Exhibition of Textile Machinery in Europe, hereinafter called "ITMA" and of the Asian show, hereinafter called "ITMA ASIA".

The Sub Council of Textile Industry, China Council for the Promotion of International Trade, having its legal domicile at No. 9-17 Dongjie Zhongli, Yongdingmen Nei, Dongcheng District, Beijing, China, hereinafter called "CCPIT TEX", and China Textile Machinery Association, having its legal domicile at Dongyu Building, No. Jia 1, Shuguang Xili, Chaoyang District, Beijing, China, hereinafter called "CTMA", and China International Exhibition Center Group Limited, having its legal domicile at 6 East Beisanhuan Road, Chaoyang District, Beijing, China, hereinafter called "CIEC", all these three parties, hereinafter called "Consortium", are the joint owners of the current China International Textile Machinery Exhibition, hereinafter called "CITME".

CEMATEX and Consortium have agreed to combine ITMA ASIA and CITME and the eighth such show will be held in the year 2023 in Shanghai, hereinafter called the "Combined Exhibition".

As joint owners of the Combined Exhibition, CEMATEX and Consortium have entrusted Beijing Textile Machinery International Exhibition Co., Ltd, hereinafter called the "Organiser" to organise this exhibition within the framework of these General Regulations.

As the sole Organiser of the Combined Exhibition, Beijing Textile Machinery International Exhibition Co., Ltd acts in its own name and on its own responsibility. Beijing Textile Machinery International Exhibition Co., Ltd is located at Room 2501, Wing B, Dongyu (Disan Zhiye) Building No. Jia 1, Shuguang Xili, Chaoyang Dist., Beijing, 100028, China.

ITMA Services n. v., hereafter called "Co-Organiser", functions as Co-Organiser and is involved in the day-to-day management of the show and provides assistance in the processing of applications of the international exhibitors. The Co-Organiser acts in its own name and on behalf of the Organiser to the extent that it is entitled to do so. The Co-Organiser is located at the following addresses:

ITMA Services n. v.

BluePoint Building, Bd A. Reyers Ln 80, B-1030 Brussels, Belgium.

The Co-Organising office, ITMA Services Pte Ltd is located at 73 Ubi Road 1, #08-48 Oxley BizHub 1, Singapore 408733.

Beijing Textile Machinery International Exhibition Co., Ltd and ITMA Services n. v. in their capacity as Organiser and Co-organiser respectively of the Combined Exhibition are hereinafter called "the Organisers".

With the exception of Article A9.6, A12.9, A16, A17 and A21 below, CEMATEX and Consortium are only and exclusively responsible for the admission and withdrawal of admission of exhibitors. In that connection, CEMATEX and Consortium mandate their members and the Organiser to receive the form "Application for Admission and Rental Contract for Stand Space" according to Article A3.

A2 Location, Dates and Opening Hours of Exhibition

ITMA ASIA + CITME 2022 will be held in the halls of the National Exhibition and Convention Center (Shanghai), hereinafter, the "Venue" from 19 (Sunday) to 23 (Thursday) November 2023 (inclusive) in Shanghai, People's Republic of China.

National Exhibition Convention Centre (NECC)

South Entrance: No. 168 Yinggang East Road, Qingpu district;
North Entrance: No. 333 Songze Avenue, Qingpu district;
East Entrance: No. 111 Laigang Road, Qingpu district;
West Entrance: No. 1888 Zhuguang Road, Qingpu district,
Shanghai 201702
People's Republic of China

The exhibition period: 19 -23 November 2023 will be accessible to :

- exhibitors: from 0815 hours to 1800 hours
- visitors: from 0900 hours to 1700 hours (19-22 November 2023)
from 0900 hours to 1600 hours (23 November 2023)

During show opening hours, stands must be fully manned and exhibits must be on display.

A3 Registration and Acceptance of All Exhibition Regulations

A3. 1 Registration for the Combined Exhibition will be made by submitting the online Application for Admission and Rental Contract for Stand Space at www.itmaasia.com.

Applicants will be required to enter an authentication code to confirm its application for stand space.

By authenticating this Application for Admission and Rental Contract for Stand Space, the applicant agrees to the Combined Exhibition General Regulations, Index of Products and Technical Regulations and the annexes and documents that will be made available later on, including but not limited to the Intellectual Property Rights Complaint Procedure, as well as to all other provisions issued by the Organisers. The Intellectual Property Rights Complaint Procedure will be issued by 15 September 2023.

A3. 2 Separate Application for Admission and Rental Contract for Stand Space is needed for each additional stand pertaining to the same exhibitor.

A3. 3 Applicant may select Individual Application for single company application or Group Application for a group of related companies in which the holding company holds a substantial ownership in these member companies, in order to share a common stand.

A3. 4 The digital Exhibitor Listing will be made available on the Combined Exhibition website with details of the exhibitors, including the full name of the company, its abbreviated name, preferably in a single word, and address for the alphabetical entry. Companies applying under Group Application should avoid using the same abbreviated name.

A3. 5 Applicants applying after 3 March 2023 may be placed on a wait list without guarantee of a stand.

A3. 6 National associations of textile machinery and accessories are permitted to apply for space as a National Sector Group (NSG) . Interested parties should contact the relevant organisation listed in Article A4 for detailed information and specific regulations.

A3. 7 CEMATEX Consortium and the Organisers have the right to ensure, through inspections, in particular of exhibits and stand

construction, that exhibitors participating in the Combined Exhibition meet the undertakings they have assumed (see Article A9.4 below) .

A3. 8 Exhibitors should also note that the exhibition is opened to trade exhibitors and visitors only. Minors aged 16 years and below will not be admitted into the exhibition.

A4 Correspondence

Subject to Articles A9, A21 and A22 below, all application enquiries should be directed to the respective associations and the Organisers as follows :

A5 Exhibits Admitted

Only newly manufactured products, as listed in the enclosed Combined Exhibition Index of Products and pertaining to the exhibitor, are admitted.

A5. 1 Each qualified company MUST display a minimum of one exhibit (as listed in the Index of Products) in connection with which it performs at least two of the following activities :

- design
- manufacture
- sale

Information stands are permitted only for chapters 17 and 18 of the Index of Products.

A5. 2 The following are the approved categories of exhibits :

Chapter 1	Machinery for Spinning Preparation, Man-made Fibre Production, Spinning, Auxiliary Machinery and Accessories
Chapter 2	Machinery for Winding, Texturing, Twisting, Auxiliary Machinery and Accessories
Chapter 3	Machinery for Web Formation, Bonding and Finishing of Nonwovens and Felting, Auxiliary Machinery and Accessories
Chapter 4	Weaving Preparatory Machinery, Weaving, Tufting Machinery, Auxiliary Machinery and Accessories
Chapter 5	Knitting and Hosiery Machinery, Auxiliary Machinery and Accessories
Chapter 6	Embroidery Machinery, Auxiliary Machinery and Accessories
Chapter 7	Braiding Machinery and Accessories
Chapter 8	Washing, Bleaching, Dyeing, Drying, Finishing, Cutting, Rolling and Folding Machinery, Auxiliary Machinery and Accessories
Chapter 9	Printing Machinery, Digital Printing, Auxiliary Machinery, Inks and Accessories
Chapter 10	Garment Making Machinery, Other Textile Processing Machinery, Auxiliary Machinery and Accessories
Chapter 11	Laboratory Testing and Measuring Equipment and Accessories
Chapter 12	Transport, Handling, Logistics, Storing and Packing Equipment and Accessories
Chapter 13	Equipment for Recycling, Waste Reduction and Pollution Prevention and Accessories
Chapter 14	Software for Design, Data Monitoring, Processing and Integrated Production
Chapter 15	Colourants and Chemical Auxiliaries for the Textile Industry
Chapter 16	Equipment and Products to Ensure Machinery and Plant Operations
Chapter 17	Services for the Textile Industry
Chapter 18	Research and Innovation

A5. 3 If exhibitors need to display machines manufactured by third parties in order to demonstrate their own machines or accessories, these third parties must also be exhibitors of the Combined Exhibition in their own right.

A5. 4 Second-hand products are not permitted. The exhibition and promotion, directly or indirectly, of second-hand machinery/ accessories/parts/products are strictly prohibited. Any exhibitor contravening the above requirement will have his admission withdrawn with immediate effect and the Rental Contract for Stand Space between him and the Organiser will be considered simultaneously terminated with immediate effect (see Article A9.4 below).

A5. 5 For products in chapters 1 to 16 of the Index of Products, admitted exhibits must be displayed. Admitted exhibits are products listed in the Index of Products. Stands showing photographs, samples, scale models or films are permitted as long as admitted exhibits are also displayed.

A5. 6 Fibres, yarns and other textile materials which are processed by textile machines will not be admitted as exhibits. However, the complementary display of textiles manufactured or processed by or deriving from the exhibited machines and facilities will be permitted.

A6 Control of Excessive Noise in the Halls

Particularly noisy machines are only authorised to operate for 20 minutes every hour. This restriction applies to the following product codes :

- 3.2.1 Needle felting machines
- 3.2.2 Spunlace machines
- 4.2.1 Rapier weaving machines
- 4.2.2 Projectile weaving machines
- 4.2.3 Air jet weaving machines
- 4.2.4 Water jet weaving machines
- 4.2.5 Multiphase weaving machines
- 4.2.6 Shuttle looms
- 4.2.7 Circular weaving machines

- 4.2.8 Narrow fabrics weaving machines
- 4.3.1 Weaving machines for heavy fabrics, for paper making felts and for wire filter fabrics
- 4.3.2 Weaving machines for tyre cord fabrics
- 4.3.3 Weaving machines for glass, aramid or carbon yarns
- 4.3.4 Weaving machines for leno fabrics
- 4.3.5 Weaving machines for plush and velvet
- 4.3.6 Weaving machines for terry fabrics
- 4.3.7 Weaving machines for carpets and rugs
- 4.3.8 Label weaving machines
- 4.3.9 Sample weaving machines
- 4.4.4 Jacquards, mechanical
- 4.4.5 Jacquards, electronic
- 5.4.1 Flat warp knitting machines
- 5.4.2 Raschel machines
- 5.4.3 Multiaxial warp knitting machines, stitch bonding machines
- 6.1.2 Shuttle embroidery machines (single and multi-head)
- 6.1.3 Embroidery machines and automatic units (single-head)
- 6.1.4 Embroidery machines and automatic units (multi-head)
- 6.1.5 Chenille embroidery machines
- 7.1.2 Braiding machines
- 10.5.12 Sand blasting machines

The timing and procedures for the demonstration of these machines will be notified to exhibitors concerned in due course by the Organiser.

The operation of such machinery is restricted to 5 minutes every hour if the stand is situated in a hall other than the one in which the machinery should normally have been exhibited, considering its type and the product codes of the Combined Exhibition Index of Products as declared in the Application for Admission and Rental Contract for Stand Space.

A7 Restrictions on Information and Promotion

A7. 1 The following forms of information and promotion are strictly prohibited:

- Distribution of printed information pertaining to the exhibitor’s products outside the stand. All activities (including the distribution of samples and souvenirs) must be carried out within the exhibitor’s own stand area.Excluded from this restriction is advertising within the Venue, in the exhibition visitor guide, official website, the Combined Exhibition Daily News as provided by the Organisers.
- Any kind of advertising activities in favour of non-exhibiting companies or organisations.
- Performances by entertainers (except for fashion shows, see Article A8), contests and similar promotional activities.
- Competitions, prize draws and similar promotional activities.
- Any promotion for the sale, or the actual sale, of second-hand machinery.
- The noise level at the stand perimeter may not exceed 65dB.

A7. 2 If an exhibitor wants to use the name of another exhibitor or the name of a product of another exhibitor on his stand, this should be subject to prior written approval by the respective other exhibitor. The Organiser will take appropriate measures if the other exhibitor complains.

A7. 3 Despite having given its prior approval, the Organiser is entitled to restrict or prohibit all kinds of performance which cause noise, visual disturbance, dirt, dust, vibrations or other emissions or for other reasons that constitute a significant disturbance to the exhibition or its participants.

The Organiser is entitled at the risk and expense of the errant exhibitor to access stands to remove, cover over or otherwise prevent advertising violating the above regulations.

A8 Photography, Videos, Slides, Fashion Shows and Presentations

It is permitted to present videos, films and presentation slides with sound; but the sound level must be moderated to avoid any disturbance to visitors and neighbouring exhibitors.

A8. 1 On-stand fashion shows and similar activities

Exhibitors are allowed to stage fashion shows according to the following rules:

- In order to manage the audience, exhibitors must not use less than one safety guard for every 15 people in the audience.
- Exhibitors must ensure that a viewing area of sufficient size is incorporated into the stand design and that the audience does not stand in the aisles when viewing a show.
- The maximum number of persons which may be accommodated in the audience space shall be calculated in relation to the area utilised at the rate of 0.5 square metres per person.
- The space for the audience at the stand must have exits that guide people directly to an aisle that terminates at a hall exit.
- Any machinery exhibits adjacent to the audience area must be switched off during the performance of the show.
- A show will be restricted to a 15-minute duration and no more than four shows will be allowed in any one day.
- Exhibitors must submit full production plans for staging fashion shows to the Organiser by 15 September 2023 for approval and confirmation. The plans must include lighting plots, sound track details, celebrity attendance and running orders.
- Exhibitors must also ensure compliance with all other rules and regulations contained within the Technical Regulations.

During the fashion show, the Organiser will carry out regular checks to ensure exhibitors comply fully with the regulations and do not unreasonably disturb either visitors or neighbouring stands.

The Organiser's decision on any issue concerning the rules will be final. Failure to comply with the regulations will ultimately result in stand power supplies being terminated.

A8. 2 CEMATEX Consortium and the Organisers are entitled to have photographs, drawings, films and video recordings made of the Combined Exhibition stands and exhibits and they are entitled to use them for advertising or general press publications without the affected exhibitors being entitled to establish any rights whatsoever. In this regard, the voice and image data will be processed according to Article A21.

A8. 3 Under no circumstances should the exhibitors make photographs or take image of any nature of other exhibitors' stands. If this rule is infringed, the Organiser can require the surrender of such materials and take legal measures.

A8. 4 Strict regulations are enforced governing audio-visual presentations at the exhibition. Any films, videos, VCDs, DVDs or any other form of media to be shown to the public during the exhibition are subject to censorship clearance by the Customs. Exhibitors who wish to use audio-visual presentations must ensure that their use will not infringe upon the private rights of others. Exhibitors are required to have a copy of relevant documents on hand, as spot checks may be conducted by officials during the exhibition period. The Combined Exhibition Show Owners, Organisers and their appointed representatives, will not be responsible for infringements committed by any exhibitors in relation to the above.

A9 Admission, Invalidity of Admission, Premature Termination of the Rental Contract

A9. 1 CEMATEX and Consortium will jointly decide whether or not an applicant is admitted to the Combined Exhibition.

A9. 2 CEMATEX and Consortium will jointly inform all applicants in writing from 11 May 2023 whether they are admitted to the Combined Exhibition. In case an applicant is not admitted, he will be informed accordingly by email or registered letter, stating the reasons.

A9. 3 No assignment of the admission rights to third parties is permitted.

A9. 4 In case of an infringement of Article A3.7, A5, and A17 of the General Regulations, the admission given to an exhibitor will be withdrawn by CEMATEX and Consortium. This also refers to cases in which the admission prerequisite has never existed or no longer exists. CEMATEX and Consortium will jointly inform such an exhibitor accordingly, by email or registered letter to the address provided by the exhibitor in the Application for Admission and Rental Contract for Stand Space, stating the reasons for withdrawal. In such a case, the Rental Contract for Stand Space between the exhibitor and the Organiser is also considered simultaneously terminated with immediate effect.

If such an infringement occurs during stand build-up or opening hours of the exhibition, a warning will be issued to the exhibitor by CEMATEX and Consortium, in writing by hand-delivered letter, jointly requesting that the necessary steps be taken in order to comply with the regulations. After having received a second warning, in writing by hand-delivered letter, should the exhibitor continue to contravene the rules, the Organiser will cut the power to the stand and close it down. CEMATEX and Consortium shall jointly withdraw admission to such an exhibitor.

A9. 5 If the applicant or exhibitor does not accept the decision of CEMATEX and Consortium concerning non-admission or withdrawal, he must appeal to CEMATEX and Consortium via email or by registered letter, and such correspondences must be received by CEMATEX and Consortium within 14 days of receiving notification of the decision by CEMATEX and Consortium, stating the reasons for non-acceptance. Should the applicant or exhibitor fail to appeal within the said period, then it will be assumed that the applicant or exhibitor accepts the decision of CEMATEX and Consortium.

A9. 6 The Rental Contract for Stand Space between the Organiser and the exhibitor will be deemed as concluded when allocation of the stand space is advised by the Organiser to the exhibitor pursuant to the terms of Article A15.

The Rental Contract for Stand Space between the Organiser and the exhibitor will be terminated with immediate effect, and the admission will be considered as withdrawn simultaneously by the Organiser by email, registered or hand-delivered letter onsite, stating the reasons for termination and withdrawal if the exhibitor fails to fulfil any of his obligations arising from Article A17 (Protection of Trade Mark and Intellectual Property Rights), the Rental Contract for Stand Space, Technical Regulations or other provisions issued by the Organiser, including payment terms. No refund will be made for the sums already paid. Invoices issued before the date on which the Rental Contract for Stand Space is terminated by the Organiser shall, notwithstanding such termination, be paid in full and penalties for late payments are also due as stipulated under Article A12.

A9. 7 CEMATEX jointly with the Consortium shall reserve the right to refuse an exhibitor admission to any future ITMA ASIA and CITME branded events, and CEMATEX shall reserve the right to refuse an exhibitor admission to any future ITMA branded event, if the said exhibitor infringes any of the rules and regulations of the Combined Exhibition.

A9. 8 Applicants who did not exhibit at ITMA 2019 and/or ITMA ASIA + CITME 2020 must submit relevant brochures detailing their products when they return their form Application for Admission and Rental Contract for Stand Space.

A9. 9 Applicants who exhibited at ITMA 2019 and/or ITMA ASIA + CITME 2020 must also submit relevant brochures to support any new product codes they wish to exhibit or to be included in the digital Exhibitor Listing.

A10 Ground Floor and Double-Storey Stand Space Rental

A10. 1 The basic stand space rental charge for the ground floor stands with only one side open is RMB 2,200 per square metre.

The length in metre of any dimension of the stand space must be a whole number, one of the applied dimensions must be in multiples of 3.

The following additional charges will apply to stands of all sizes with more than one open-side:

Stand space in square metres	Open-sides		
	2	3	4
First 50 square metres	+ 20%	+ 33%	+ 50%
Next 50 square metres	+ 10%	+ 16.5%	+ 25%
Surface over 100 square metres	0%	0%	0%

Surcharges for open-sides are only charged on the first 100 square metres of every stand space, and there are no surcharges imposed on additional space taken on the same stand. Open-side surcharges will be based on the number of sides allocated to the exhibitor by the Organiser.

Example

A stand with 250 square metres and 4 open-sides will be invoiced as follows :

First 50 square metres x RMB 2,200 + 50% = RMB 165,000
Next 50 square metres x RMB 2,200 + 25% = RMB 137,500
Balance 150 square metres x RMB 2,200 = RMB 330,000
Total amount due: RMB 632,500

The charge for any fraction of a square metre will be charged as for a full square metre.
The minimum stand area is 15 square metres per exhibitor, except for products pertaining to chapters 17.1 and 18 (see enclosed Index of Products), where the minimum stand space area is 9 square metres.

A10. 2 Stand space rental for exhibitors from the European continent* and Japan

This clause is only applicable to exhibitors from the European continent* and Japan. These exhibitors should remit their stand space rental payments in Euros.
(*countries in the European continent are-Albania, Andorra, Austria, Belarus, Belgium, Bosnia and Herzegovina, Bulgaria, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Liechtenstein, Lithuania, Luxembourg, Macedonia, Malta, Moldova, Monaco, Montenegro, Netherlands, Norway, Poland, Portugal, Romania, Russian Federation, San Marino, Serbia, Slovakia, Spain, Slovenia, Sweden, Switzerland, Turkey, United Kingdom and Ukraine).

The basic stand space rental charge for the ground floor for stands open only on one side is RMB 2,200 per square metre.
Exhibitors paying in Euros will be charged an equivalent of RMB 2,200 based on the closing exchange rate of the previous working day of the European Central Bank at time of invoice.

Example

A stand space with 100 square metres with 1 open-side will be invoiced in Euros at an amount equivalent to RMB 2,200 per square metre. The calculation is as follows :

Exchange rate established based on the date of 20% invoice of stand space: RMB 7.55: 1 Euro
Invoice for 20% deposit in Euros: RMB 2,200 x 100 square metres x 20% = RMB 44,000/7.55 = 5,828 Euros
Exchange rate established on the date of final invoice of 80% invoice of stand space and open-sides surcharge: RMB 7.45: 1 Euro
Final Invoice in Euros: RMB 2,200 x 100 square meters x 80% = RMB 176,000/7.45 = 23,624 Euros
Total amount due: 29,452 Euros

Surcharges for open-sides are only charged on the first 100 square metres of every stand, and there is no surcharge imposed on additional space taken on the same stand. Open-side surcharges will be based on the number of sides allocated to the exhibitor by the Organiser. Please refer to table in Article A10.1 for reference.

Example

A stand with 250 square metres and 4 open-sides will be invoiced as follows :

Exchange rate established based on the date of 20% invoice of stand space: RMB 7.55: 1 Euro
Invoice for 20% deposit in Euros: $\text{RMB } 2,200 \times 250 \text{ square metres} \times 20\% = \text{RMB } 110,000 / 7.55 = 14,570 \text{ Euros}$

Exchange rate established on the date of final invoice of 80% invoice of stand space and open-sides surcharges :
RMB 7.45: 1 Euro

80% invoice of stand rental: $250 \text{ square metres} \times \text{RMB } 2,200 \times 80\% = \text{RMB } 440,000$ equivalent 59,060 Euros

Open-side surcharge:

First 50 square metres $\times \text{RMB } 2,200 \times 50\% = \text{RMB } 55,000$ equivalent 7,383 Euros
Next 50 square metres $\times \text{RMB } 2,200 \times 25\% = \text{RMB } 27,500$ equivalent 3,691 Euros
Total amount due: 84,704 Euros

A10. 3 Double-storey stand space rental

Double-storey is permitted on stands which have a minimum ground floor space of 50 square metres. The minimum length of any dimension of the ground floor area space must be 5 metres.

This second storey stand space rental will be invoiced at 50% of the basic stand space rental charge (i.e. RMB 1,100 per square metre). The charge for any fraction of a square metre will be charged as for a full square metre.
The ground floor stand space underneath will be invoiced at the standard RMB 2,200 per square metre. The second storey is not subject to open-side surcharges, but is subject to all penalties, payment terms and conditions as well as surcharges as stated in Article A12.

Example (with reference to above)

A stand with 250 square metres (ground floor) and 50 square metres (second storey) with 4 open-sides will be invoiced as follows :
Total amount due for ground floor space inclusive of open-side = RMB 632,500
50 square metres of second storey space $\times \text{RMB } 1,100 = \text{RMB } 55,000$
Total amount due: RMB 687,500

Example (with reference to example in Article A10.2)

For exhibitors from the European continent* and Japan

A stand with 250 square metres (ground floor) and 50 square metres (second storey) with 4 open-sides will be invoiced as follows :

Total amount due for ground floor space inclusive of open-side = 84,704 Euros
Exchange rate established based on the date of invoice of second storey space: RMB 7.65: 1 Euro
50 square metres of second storey space $\times \text{RMB } 1,100 = \text{RMB } 55,000$ equivalent to 7,190 Euros
Total amount due: 91,894 Euros

Note :

Exhibitors wishing to build double-storey stands must submit the technical drawings of the proposed stand design in accordance to the Technical Regulations, subjected for approval from the Venue, National Exhibition and Convention Center (Shanghai) and the relevant authorities. Charges are applicable.

A11 Services Included in the Stand Space Rental Contract

The following services are included in the stand space rental charge:

- 1. Management fee for stand construction charged by the National Exhibition and Convention Center in Shanghai.
- 2. Handling of exhibits within the Venue during build-up and dismantling includes unloading/loading of trucks, delivery to the stand and placing of machinery at the stands in accordance with the exhibitor's stand layout and vice versa after the exhibition (^).
Note: Handling of stand-fitting materials is not included and will be invoiced separately by the Onsite Logistics Contractor (hereinafter, the "OLC").
- 3. Provision of cranes, forklift trucks or other hoisting equipment for the assembly and dismantling of exhibits on the exhibition site.
- 4. Fees for customs clearance for shipments consigned to the official onsite logistics contractor.
- 5. Insurance of exhibits and stand-fitting materials against normal exhibition risks as defined by the Insurance Policy carried by the Organiser, including fire risks and third-party liability.
- 6. Provision of one lighting and one machinery power connection, each one terminating at a switched isolator. Each power connection includes a free of charge electrical monitoring device. Further details are in the Technical Regulations.
- 7. Provision of a 24-hour single phase power connection up to 4 amps, terminating in a plug socket for domestic use, is available (to enable exhibitors to run fridges, computers etc. overnight).
- 8. Consumption of electricity for machinery, lighting and domestic use during hall opening hours from the beginning of the stand build-up until the end of the stand dismantling period. Exhibitors wanting electricity outside these hours need to order and pay for a 24-hour supply (^^).
- 9. Consumption of water for the operation of machinery exhibits only (as per the actual input required by the machine to be exhibited), plus water for domestic use during hall opening hours from the beginning of the stand build-up period until the end of the stand dismantling period. **Water connection is not included.** Exhibitors wanting water outside these hours need to order and pay for a 24-hour supply. **Note: Water supplied is not for drinking.**
- 10. Conveyance and storage of exhibitors' empty packing materials in a covered area.
- 11. Conveyance and storage of auxiliary devices and materials, as well as all materials required for and produced during demonstrations in a covered area.
- 12. Removal of demonstration wastes. Included are only fabric wastes generated during demonstrations. Excluded are wastes that require special supervision (see Technical Regulations for more details), stand structures, stand elements, floor coverings, machinery and parts of machinery.
- 13. Basic information (including company name, address, telephone, fax, email, website address, product codes, and hall and stand numbers) in the digital Exhibitor Listing on the official Combined Exhibition websites.
- 14. Exhibitor badges (number based on stand area, see Technical Regulations).
Note: Additional badges are available but will be chargeable.
- 15. Passenger vehicle parking passes (number based on stand area, see Technical Regulations).
- 16. Stand numbering.
- 17. Downloadable promotional materials, including logos, banners and posters.

Notes:

Exhibitors are advised to order the relevant Services (Article A11) online by 15 September 2023. Service orders in Article A11, if received after the stipulated deadline are chargeable and stock availability is not guaranteed. Organiser cannot be held responsible for any losses resulting from the non-availability of stocks.

Information about extra charges not included in the stand space rental charge, is available in the Technical Regulations as well as in the respective service order platforms.

(^) The Organiser reserves the right to invoice exhibitors separately and partially for additional costs incurred through:

- Non-observance of scheduled delivery dates
- Changes to the original layout plan first submitted of the machines
- Absence of company staff in charged with taking delivery of materials that are unloaded at the stand
- Additional order beyond entitlements will be chargeable

(**) Electricity network:

Supply Voltage: Single-phase: 220 V (+ / - 10%), 50 Hz

Three-phase: 380 V (+ / - 10%), 50 Hz

Frequency: 50 Hz (+ / - 1%)

Motors with a capacity of more than 20 kW may be connected to the power supply network only if equipped with current-limiting starters.

SERVICES NOT INCLUDED

Services not mentioned in Article A11 are not included in the stand space rental charge (see Technical Regulations for all other services).

A12 Payments, Penalties and Refunds Relating to Stand Space Rental Payments

A12. 1 First payment of 20% stand space rental

A first payment of 20% of the stand space rental charge must be remitted at the same time as the submission of the Application for Admission and Rental Contract for Stand Space. No Application for Admission and Rental Contract for Stand Space will be confirmed or processed until the first 20% payment has been paid. The date the payment is sent, with proof of a bank transfer statement, will be deemed the date on which the Application for Admission and Rental Contract for Stand Space is received.

If no proof of bank transfer statement is received by the Organiser, then the date the payment is cleared in the bank of the Organiser will be treated as the date on which the Application for Admission and Rental Contract for Stand Space is received.

This first payment will be refunded if the applicant is not admitted to the exhibition (see Article A9.1 and A9.2 above), but will be forfeited if, unilaterally, the applicant withdraws totally from the undertaking (for partial withdrawals, see Articles A12.5, A12.6 and A12.7 below), or if the Rental Contract is terminated prematurely (see Articles A9.4 and A9.6 above and A12.9, A16 and A17 below).

A12. 2 Balance payment of 80% stand space rental, double-storey stand space and surcharges

The final invoice for the 80% balance of the stand space rental plus the open-side surcharges will be issued from 11 May 2023 for payment by 26 June 2023. The invoice for double-storey stand space will be issued from 28 September 2023 for immediate payment. Stand space rental payment including double-storey stand space charges and open-side surcharges will be based on the final stand space allocated.

A12. 3 Non-admission

The first payment will be refunded, based on the actual amount received less any outward remittance bank charges that the Organiser incurs, if the applicant is not admitted to the exhibition in accordance with Articles A9.1 and A9.2.

A12. 4 Total withdrawal

In case of total withdrawal by the exhibitor, which must be notified to the Organiser, no refund will be made of the sums already paid. All invoices issued before the date on which the exhibitor's official notification of withdrawal is received by the Organiser are to be paid in full.

A12. 5 Stand space reduction before 11 May 2023 - less than 20%

If the reduction of space is less than 20% of the stand space applied for by the exhibitor, a refund of 100% in proportion to the withdrawn space, less any outward remittance bank charges that the Organiser incurs, will be made for the sums already paid. This refund will be credited towards later invoices. Invoices issued before the date on which the exhibitor's official notification of reduction of space is received by the Organiser are to be paid in full. Later invoices will then only be accounted towards the space kept.

A12. 6 Stand space reduction before 11 May 2023 - 20% and greater

If the reduction of space is equal to or greater than 20% of the stand space applied for by the exhibitor, no refund will be made for the sums already paid. Invoices issued before the date on which the exhibitor's official notification of reduction of space is received by the Organiser are to be paid in full. Later invoices will then only be accounted towards the space kept.

A12.7 Stand space reduction on or after 11 May 2023

No refund will be made for the sums already paid. Invoices issued before the date on which the exhibitor's official notification of reduction of space is received by the Organiser are to be paid in full.

A12.8 Space applications authenticated after 11 May 2023 will be invoiced based on 100% stand space rental charge.

A12.9 Penalties

Notwithstanding the regulations in Article A12.1 above, the stand space rental charge including double-storey space, open-side surcharges and other relevant charges as stated above must be paid in full before the exhibitor may access the halls. In case of invoices not paid by the stipulated deadlines in Articles 12.4, 12.5, 12.6, 12.7 and 12.8, the exhibitor is obliged to pay the outstanding invoices in full.

If stand space rental balance (basic stand space rental and open-side surcharges) is not paid within the stipulated deadline, the Organiser reserves the right to re-allocate the space to other exhibitors, and the initial first payment paid will be forfeited. The Organiser will notify the exhibitor via email or by registered letter, stating the reasons, which constitutes simultaneously a withdrawal of admission and termination of the Rental Contract for Stand Space by the Organiser.

If the exhibitor fails to pay by the stipulated date, the exhibitor will be penalised from the day on which payment was due. The rate of penalty will be 1% per month. This and the following provisions (Articles A12.4, A12.5, A12.6, A12.7 and A12.8) apply to all payments (stand rental payments, services, etc). The Organiser also has the right to remove the exhibitor from the Combined Exhibition if payments are not made on time. The Organiser will send to the exhibitor by email or by registered letter, indicating the reasons, which constitutes simultaneously a withdrawal of admission and termination of the Rental Contract for Stand Space by the Organiser.

A12.10 If an exhibitor fails to pay the outstanding balance of invoices relating to its space reduction or total withdrawal at any past ITMA, ITMA ASIA or CITME events, the Organiser may insist on 100% stand space rental payment with the Application for Admission and Rental Contract for Stand Space for this or future ITMA, ITMA ASIA or CITME branded events. In such cases, Article 9.7 shall apply.

A13 Deadlines, Payments and Penalties Relating to Services

A13.1 Services will be available for online ordering and payment on 11 May 2023.

A13.2 All relevant services orders must be submitted and paid by 15 September 2023 (hereinafter, the "Service Orders Deadline").

A13.3 Surcharges will be imposed on late submission of service orders: 10% surcharge for service orders submitted after 15 September 2023 and 50% for service orders submitted after 20 October 2023.

A13.4 For all paid services cancelled on or before the Service Orders Deadline, exhibitors will receive a refund less any outward remittance bank charges. There will be no refund if cancellation is made after the Service Orders Deadline.

A13.5 Orders and payment received after the deadlines are subject to stock availability. The Organiser cannot be held responsible for any losses resulting from the non-availability of stocks.

A13.6 All services must be paid in full by the stipulated deadlines before the exhibitor may access the halls, or before the services will be delivered to the stand.

A14 Payment Methods and Currencies

A14. 1 Stand space rental shall be made in the currency stipulated on the invoice or payment request statement by bank transfer.

A14. 2 Exhibitors must ensure that they pay all bank charges and taxes relating to the bank transfers.

A14. 3 Bank Account - Stand Space Rental Payments

A14. 3. 1 Exhibitors from the European continent* and Japan

(* countries in the European continent are -Albania, Andorra, Austria, Belarus, Belgium, Bosnia and Herzegovina, Bulgaria, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Liechtenstein, Lithuania, Luxembourg, Macedonia, Malta, Moldova, Monaco, Netherlands, Norway, Poland, Portugal, Romania, Russian Federation, San Marino, Serbia, Montenegro, Slovakia, Spain, Slovenia, Sweden, Switzerland, Turkey, United Kingdom and Ukraine)

Should remit their stand space rental payments in Euros to the following bank account:

Beneficiary Bank : BNP Paribas Fortis N.V.
Beneficiary/Account Name: ITMA SERVICES N.V.
IBAN Account Number : BE16 0018 1136 6074
SWIFT Code : GEBABEBB
Bank Address : Warandeborg 3, B-1000 Brussels, Belgium

A14.3.2 Exhibitors from China (excluding Hong Kong and Taiwan)

Should remit their stand space rental payments to the following bank account:

Beneficiary Bank : Industrial and Commercial Bank of China Beijing Municipal Branch, East Chang An Street Sub-Branch
Account No : 0200053409014411756
Beneficiary : China Textile Machinery Association
Bank No : 534

A14.3.3 Exhibitors from all other countries and regions

Should remit their stand space rental payments in RMB to the following bank account:

Beneficiary Bank : Bank of Communications Beijing Branch
Beneficiary/Account Name: Beijing Textile Machinery International Exhibition Co., Ltd
SWIFT Code : COMMCNSHBJG
Bank Address : No.22 Jinrong Street, Xicheng District, Beijing, China. Zip: 100033
Account No : 110060746018180001731

A15 Allocation of Stand Space

Allocation of stand space (as determined in the Application for Admission and Rental Contract for Stand Space), which also constitutes the conclusion of the Rental Contract for Stand Space between the exhibitor and the Organiser, will be advised by the Organiser in his capacity as lessor from 11 May 2023, and the exhibitor shall receive details of the location and dimensions of the stand including hall and stand number. The exhibitor shall accept the stand space allocated to him even if the location and/or dimensions and/or open-sides and/or any presence of pillars and/or fire prevention facilities are different from those which the exhibitor has requested, including all other comments provided at time of application. The exhibitor's preferences regarding the location are not binding upon the Organiser.

The Organiser reserves the right to change the stand location or its dimensions, if circumstances make this necessary, and no claim for damages can be made against the Organiser because of such changes.

A16 Stand Build-up and Dismantling

Hall Opening Hours

	Stand Build-up	Exhibition Period	Dismantling
Date (2023)	13-18 November	19-23 November	24-25 November
Start (Hours)	0900	0815	0900
End (Hours)	1800	1800	1800

A16. 1 Stand build-up

For general safety reasons, the halls and the exhibition grounds are closed outside these times.

Construction must be completed by 1800 hours on 18 November 2023, after which no works will be permitted.

In the event that stand construction has not started by 1200 hours on 18 November 2023, and is deemed not to be able to be completed by 1800 hours on 18 November 2023, the Organiser reserves the right, after giving prior notice, to make other use of the stand space without any compensation to the exhibitor. The Organiser will notify the exhibitor via email or hand-delivered letter or registered letter to the exhibitor, stating the reasons, and such letter will constitute simultaneously a withdrawal of admission and termination of the Rental Contract for Stand Space. Such action will not relieve the defaulting exhibitor of his liability for the stand rental charge, services and installations provided.

Stands must be constructed in compliance with directions given in the Technical Regulations. If stand construction is deemed not to have complied with the regulations, CEMATEX and Consortium reserve the right to withdraw the participation of the infringing exhibitor, or impose the penalty stated in the Technical Regulations.

A16. 2 Stand dismantling

Stands may be dismantled only from 0900 hours onwards on 24 November 2023. Only hand-carried items (accessories, computers, advertising documents, etc) can be removed on 23 November 2023 between the period of 1700 hours and 1800 hours. Stand dismantling must be completed by 1800 hours on 25 November 2023 at the latest. Any material still on the stands after that date will be removed and disposed of. All costs incurred for the above as well as the risks of theft, loss and damage shall be borne by the exhibitor. In case of non-payment, the respective fee must be paid up before the errant exhibitor can be admitted for such future events.

A16. 3 Application of overtime

Exhibitors who need to work outside of these hours must apply in writing by 1400 hours on the day concerned to the Operations Centre on site. Exhibitors shall be charged an hourly rate for working outside the official hours. No overtime request shall be allowed on 18 November 2023. Should there be a requirement for electrical supply during any overtime, exhibitors shall be charged the relevant electricity consumption.

A17 Protection of Trademarks and Intellectual Property Rights

A17. 1 CEMATEX and Consortium are the registered owners of the ITMA and CITME trademarks and domain names respectively. All exhibitors shall ensure they do not infringe and they do not authorise or permit any other party to infringe CEMATEXs and Consortium’s trademark rights and domain name rights in any way, in particular but not exclusively, through their exhibits on display, their advertising materials, their graphics or through any other medium.

A17. 2 All exhibitors must not infringe or otherwise violate, directly or indirectly, seek to infringe and/or violate the intellectual property rights (IPR) of other exhibitors and of third parties, such as patents , trademarks, copyrights, etc, when displaying their products at the Combined Exhibition in accordance with current provisions of law. All necessary measures shall be taken by exhibitors before displaying any exhibits.

Notwithstanding any of the provisions herein and the avoidance of doubt, the Owners and Organisers of the Combined Exhibition, and/or staff and other legal representatives, appointed by them for the purpose of providing legal services and relevant IPR information, shall not at any time and in any manner bear legal liability in any case that exhibitors and/or any other parties suffer any losses, costs, damages, lawsuits, demand for payment, expenses and so on that arise in consequence of this provision, or in connection with the infringement or other violation of intellectual property rights by an exhibitor, or any other causes related with the contents of this provision.

A17. 3 It is the exhibitors' responsibility to ensure that all laws relating to intellectual property are adhered to, and to guarantee that the exhibits displayed do not infringe these laws. As part of the Rental Contract for Stand Space, exhibitors are required to sign a legal binding document Intellectual Property Rights Protection Declaration confirming that they will not infringe the trademarks, patents and other intellectual property rights of another exhibitor or third party, and promising to indemnify CEMATEX, Consortium and the Organisers in case of any such infringements.

Exhibitors shall consult their own patent attorneys regarding the documents that they need to bring with them in case they need to enforce their intellectual property rights. Generally, these documents refer to documentation that establishes ownership of their patents, trademarks and/or copyrights. More information on the procedures for filing of IPR infringement complaints onsite will be available on the event websites www.itmaasia.com and www.citme.com.cn from 15 September 2023.

A17. 4 The Organiser will establish an IPR Office on site in accordance with Chinese administrative regulations. The officials from local IPR administration in the IPR Office will handle the complaints concerning patents and resolve the disputes. The office will operate from 18 to 23 November 2023. Upon notification by the exhibitor's legal executive, the legal secretariat experienced in intellectual property laws will provide information on Intellectual Property Laws. All complaint procedures will be available on the website of the Combined Exhibition from 15 September 2023.

A17. 5 If it is ascertained by Chinese judicial authority or IPR administration authority that an exhibitor has infringed the intellectual property rights of another exhibitor or a third party in any way, including but not limited to his exhibits on display, his printed papers, his advertising materials, his graphics or any other materials, then the Organiser shall be entitled, although not obliged, at its own discretion, ask for the removal of the infringing exhibits, printed papers, advertising material, graphics and any other material from the infringing exhibitor's stand until the end of the Combined Exhibition.

A17. 6 For an exhibitor infringing the regulation for the first time, the Organiser shall send a notification by email or hand-delivered on site or by registered mail, informing the infringing exhibitor of the consequences. The Organiser reserves the right to enforce Article A9.4 and A17.7. In such cases, the Organiser is also entitled, although not obliged, to terminate the Rental Contract for Stand Space between the Organiser and the infringing exhibitor and therefore also to withdraw the infringing party's admission via email, or letter (hand-delivered or registered) stating the reasons for termination and withdrawal (see Article A9.6 above). No refund will be made for payments already made. If such measures prove to be unjustified, no claim for damages can be made against the Organiser, unless it is proven guilty of gross negligence or unlawful intent.

A17. 7 If the said exhibitor is found to have infringed the trademark rights, domain name, or other intellectual property rights of CEMATEX, Consortium, Organisers, other exhibitors and/or third parties, Article A9.7 shall apply.

A18 Change or Cancellation of the Exhibition

In cases of Force Majeure, the dates and place of the Combined Exhibition may be changed or may even be cancelled by the Organiser in agreement with CEMATEX and Consortium. If the exhibition does not take place, the amounts paid to the Organiser will be refunded, after deduction of all the Combined Exhibition costs incurred or already committed, in proportion to the amount paid by each exhibitor. No claims for compensation for damages, loss of profits or other consequential damages, irrespective of nature or reason, can be lodged against the Organisers and/or CEMATEX and/or Consortium.

A19 Local Laws

- A19. 1 The Organiser will exercise the right to enforce local laws throughout the exhibition site and will be entitled to take the necessary measures in the case of non-observance of the various regulations.
- A19. 2 The exhibitors are under obligation to comply with all local regulations, in particular those concerning of occupational hazards, and health and safety at work, prevention of fire and/or other accidents or damages.
- A19. 3 The provision of these General Regulations including its annexes, in particular but not exclusively the Technical Regulations, will prevail over all local regulations or stipulations, if permissible by law.

A20 Liability and Complaints

- A20. 1 Except in cases of unlawful intent or gross negligence, CEMATEX, Consortium and the Organisers are excluded from any liability for any kind of damage the exhibitor and its appointed service vendors may incur directly or indirectly. Subject to unlawful intent or gross negligence, CEMATEX, Consortium and the Organisers exclude any liability for any kind of damage or loss the exhibitor may incur directly or indirectly by acts carried out by auxiliary persons of CEMATEX, Consortium and the Organisers. In particular, but without limitation, CEMATEX, Consortium and the Organisers are exempted from any liability in direct and/or indirect connection with the infringement or other violation of intellectual property rights by an exhibitor.
- A20. 2 Except in cases of unlawful intent or gross negligence, the liability of the Organiser is limited to payments as covered by insurance stated in the Technical Regulations and its annexes regarding insurance.
- A20. 3 In any case, the Organisers shall in no circumstances have any liability for indirect losses, loss of profits, business revenue, goodwill or anticipated savings or consequential losses or damages, or for any loss of or damage to any individual, property or vehicles left on the exhibition grounds by the exhibitor, his employees or representatives.
- A20. 4 For the sake of clarity , the Venue , its legal representatives , servants or employees , and the Venue's suppliers or subcontractors are deemed to be third parties alien to the Organisers.
- A20. 5 Complaints concerning the transport of machinery, the construction of stands, and the infringement of various regulations by other exhibitors must be reported immediately and in writing to the Organiser. Lawsuits will be filed according to Article A22.
- A20. 6 If the exhibitor does not comply with the stand construction regulations stipulated in the General Regulations and its enclosures, he shall be liable for any damages resulting from the violation of these regulations. The Organiser or the Venue shall recover such damages from the exhibitor. The Organisers, CEMATEX and Consortium shall also be exempted from all claims by third parties that may be asserted due to violation of the stand construction regulations.
- A20. 7 After the exhibition has closed, the hall floor and walls must be restored to their original condition. The exhibitor will be liable for any damage to the structures and installations placed at his disposal.

A21 Data Protection

- A21. 1 CEMATEX and Consortium are joint owners of the data and are entitled before, during and after Combined Exhibition to process any and all data regarding an exhibitor and/or visitor that they receive within the framework of the Combined Exhibition.
- A21. 2 The processing of such data means in particular but not exclusively any operation inside or outside of Switzerland and People's Republic of China with regard to the received personal data regarding an exhibitor and/or visitor, irrespective of the means and procedures applied, in particular the gathering, storage, use, amendment, disclosure, transfer to third parties or destruction of the received personal data regarding an exhibitor and/or visitor.

A21. 3 The data may be used only within the objects of CEMATEXs by-laws, CCPIT TEX, CTMA and CIEC, i.e. for the preservation and promotion of the general interest of the textile machinery industry at an international level, and therefore in particular, but not exclusively, for promoting the Combined Exhibition and any other ITMA branded events, for the Combined Exhibition digital Exhibitor Listing (see Article A3.4 above), Combined Exhibition websites, the daily ITMA ASIA + CITME 2022 newspaper and for any other legal activity of CEMATEX and Consortium.

A21. 4 The data will be retained for ten years. By accepting the Combined Exhibition General Regulations and Privacy Notice, all applicants and exhibitors shall give their consent to the treatment of the personal data and to its storage and processing, as well as to the pre-population of the data by the CEMATEX Consortium and the Organisers for future ITMA, ITMA ASIA + CITME and ITMA related events.

A21. 5 The Organisers will also act as the co-controllers of the exhibitors' and/or visitors' personal data needed for managing the Combined Exhibition. The Organisers hereby inform the exhibitors and/or visitors that it will process their data for managing and supervising the organisation of the Combined Exhibition and complying with any applicable law that affects the Organisers. These personal data could be transferred to the national associations as listed in Article A4 and the appointed service vendors as data processors, that could be located outside of EEA (European Economic Area) to support the realisation of the Combined Exhibition, these countries which do not offer the same level of protection on personal data guarantees. Personal data will be retained during the term hereof and, afterwards, for the period during which any kind of liability may arise from a legal or contractual obligation applicable to each party hereto.

A21. 6 If exhibitors do not wish to receive any promotional materials, including those sent by electronic means, related to the Combined Exhibition and future ITMA branded events, please email the Organisers.

A22 Applicable Laws, Places of Jurisdiction

A22. 1 CEMATEX, CEMATEX and Consortium jointly (Admission/Withdrawal)

All legal relations between either an exhibitor or the Organisers or any member of CEMATEX on the one side and CEMATEX itself on the other side, as well as the legal relations between an exhibitor or the Organisers or any member of CEMATEX on the one side and CEMATEX jointly with the Consortium their joint responsibility for admission and withdrawal of admission of an exhibitor on the other side, are exclusively governed by Swiss Substantive Law, with the exclusion of United Nations Convention on Contracts for the International Sale of Goods.

Any dispute, controversy or claim between an exhibitor or the Organisers or any member of CEMATEX on the one side and CEMATEX itself on the other side, as well as any dispute, controversy or claim between an exhibitor or the Organisers or any member of CEMATEX on the one side and CEMATEX jointly with the Consortium regarding their joint responsibility for admission and withdrawal of admission of an exhibitor on the other side, which relates to these General Regulations with its two annexes or any individual agreement relating to the ITMA ASIA + CITME 2022 including the validity, invalidity, breach or termination thereof, shall be resolved by arbitration in accordance with the Swiss Rules of International Arbitration of the Swiss Arbitration Centre in force on the date which the Notice of Arbitration is submitted in accordance with those rules. The number of arbitrators shall be three. The Seat of Arbitration shall be in the City of Zurich/Switzerland and the arbitral proceeding shall be conducted in English.

These Combined Exhibition General Regulations (including annexes) will be issued in English and Chinese. However, with respect to the relations as set out in this Article A22. 1 the English version of the Combined Exhibition General Regulations including all its annexes shall be the sole authentic version.

A22. 2 Consortium and the Organiser

All relations of any kind between the exhibitor and Consortium (with exception regarding responsibility for admission and withdrawal of admission of an exhibitor as set out above under Article A22. 1) or the Organiser are exclusively governed by Chinese law and the Place of Jurisdiction is exclusively Shanghai.

The Combined Exhibition General Regulations (including annexes) will be issued in English and Chinese. However, with respect to the relations as set out in this Article A22.2, the Chinese version of the Combined Exhibition General Regulations including all its annexes shall be the sole authentic version.

The Application for Admission and Rental for Stand Space Contract, the documents included in the annexes and any other official Combined Exhibition documents issued at a later date and available at the Exhibitor Centre shall form part of the Combined Exhibition General Regulations and will be subject to the applicable laws and places of jurisdiction described above. The annexes include:

- 1) Index of Products
- 2) Technical Regulations and its annexes which will be issued on 11 May 2023

Beijing, 2 November 2022

CEMATEX, Le Comité Européen des Constructeurs de Machines Textiles

Ernesto MAURER, President

Consortium:

- (a) CCPIT TEX, The Sub Council of Textile industry, China Council for the Promotion of International Trade

XU Yingxin, Chairman

- (b) CTMA, China Textile Machinery Association

GU Ping, President

- (c) CIEC, China International Exhibition Center Group Limited

ZHENG Shijun, Vice President

Beijing Textile Machinery International Exhibition Co., Ltd

LIANG Pengcheng, Managing Director

ITMA Services n. v.

Charles BEAUDUIN, Chairman

Only newly manufactured products, as listed in the enclosed ITMA ASIA + CITME 2022 Index of Products and pertaining to the exhibitor himself, will be admitted.

The exhibiting, promotion, directly or indirectly, of second-hand machinery/accessories/parts/products is strictly prohibited.

Any exhibitor contravening the above requirement will have his admission withdrawn with immediate effect and the Rental Contract between him and the Organiser is considered simultaneously terminated with immediate effect.

ITMA ASIA + CITME 2022 Index of Products

Product code	Product description
Chapter 1	Machinery For Spinning Preparation , Man-Made Fibre Production , Spinning, Auxiliary Machinery And Accessories
1. 1	Preparatory machinery for cotton spinning systems
1. 1. 1	Gins
1. 1. 2	Baling presses
1. 1. 3	Bale breakers, bale pluckers
1. 1. 4	Blow room machines
1. 1. 5	Blending machines
1. 1. 6	Foreign fibre/part separators
1. 1. 7	Automatic feeding devices for carding machines
1. 1. 8	Cards
1. 1. 9	Drawing machines
1. 1. 10	Lap winders
1. 1. 11	Combing machines
1. 1. 12	Roving frames
1. 1. 13	Waste reclamation lines, tearers
1. 1. 14	Other preparatory machinery for cotton spinning systems
1. 2	Preparatory machinery for worsted, semi-worsted and or woollen spinning systems
1. 2. 1	Baling presses
1. 2. 2	Opening lines for raw wool
1. 2. 3	Raw wool scouring lines
1. 2. 4	Carbonising lines
1. 2. 5	Opening, cleaning and blending lines
1. 2. 6	Waste reclamation lines, tearers
1. 2. 7	Auto-feeders
1. 2. 8	Worsted cards
1. 2. 9	Semi-worsted cards
1. 2. 10	Woollen cards
1. 2. 11	Drawing machines
1. 2. 12	Combing machines
1. 2. 13	Back washing machines
1. 2. 14	Finishers

1.2.15	Roving frames for worsted yarn
1.2.16	Other preparatory machinery for worsted, semi-worsted and woollen spinning systems
1.3	Preparatory machinery for bast fibre spinning systems
1.3.1	Opening, cleaning and blending machines
1.3.2	Auto-feeders
1.3.3	Cards
1.3.4	Combing machines
1.3.5	Drawing machines
1.3.6	Roving frames
1.3.7	Other preparatory machinery for bast fibre spinning systems
1.4	Machinery for the production of reeling silk
1.4.1	Automatic silk reeling machine
1.4.2	Other silk reeling machine
1.5	Machinery for the production of man-made filaments and fibres and for filament treatment
1.5.1	Extruders
1.5.2	Spinning plant for the production of man-made filaments and fibres, including laboratory machines
1.5.3	Winding or take-up units
1.5.4	Draw-winders
1.5.5	Draw-twisters
1.5.6	Staple fibre cutting machines
1.5.7	Cutting converters
1.5.8	Stretch-breaking machines
1.5.9	Baling presses
1.5.10	Tape producing plants
1.5.11	Fibrillation lines
1.5.12	Other machinery for the production of man-made filaments and fibres and for filament treatment
1.6	Spinning machines
1.6.1	Ring-spinning machines for cotton spinning system
1.6.2	Ring-spinning machines for worsted spinning system
1.6.3	Ring-spinning machines for semi-worsted spinning system
1.6.4	Ring-spinning machines for woollen spinning system
1.6.5	Ring-spinning machines for bast-fibres spinning
1.6.6	Ring-spinning machines for compact spinning
1.6.7	Ring-spinning machines for direct spinning
1.6.8	Rotor spinning machines
1.6.9	Air jet spinning machines
1.6.10	Self-acting mules
1.6.11	Centrifugal spinning machines

1.6.12	Flyer spinning machines
1.6.13	Friction spinning machines
1.6.14	Self-twist spinning machines
1.6.15	Hollow spindle spinning machines
1.6.16	Fancy yarn spinning devices
1.6.17	Other spinning machines
1.7	Automatic doffing, piecing and transport systems for spinning preparation and spinning machines and man-made fibre production (for equipment for texturing machines, see 2. 6)
1.7.1	Automatic doffing machines and devices
1.7.2	Automatic piecing devices
1.7.3	Automatic transport systems between spinning preparatory and spinning machines
1.7.4	Other automatic doffing, piecing and transport systems for spinning preparation and spinning machines and man-made fibre production (for transport systems between spinning and winding, doubling and twisting machines, see 2.6.3)
1.8	Auxiliary machinery and devices for spinning preparation and spinning and man-made fibre production
1.8.1	Mounting machines for flexible card clothing and metallic card wire
1.8.2	Card grinding machines
1.8.3	Card cleaning machines
1.8.4	Cot grinding and covering machines
1.8.5	Sliver can coilers
1.8.6	Additional devices (e.g. humidifying, waxing, oiling)
1.8.7	Cleaning units for extrusion tools
1.8.8	Steamers, autoclaves and dryers for tows
1.8.9	Travelling cleaners for spinning machines
1.8.10	Bobbin strippers
1.8.11	Machinery for the treatment of pellets
1.8.12	Other auxiliary machinery and devices for spinning preparation and spinning and man-made fibre production
1.9	Accessories for spinning preparatory machinery
1.9.1	Spindles, parts, flyers
1.9.2	Steel pins
1.9.3	Needle rollers, bars and segments
1.9.4	Spiked lattices, lags
1.9.5	Flexible card clothing
1.9.6	Metallic card wires
1.9.7	Sliver cans, springs
1.9.8	Flat and conveyor belts
1.9.9	Pressure rollers, cots and aprons, condensers
1.9.10	Accessories for silk reeling machines
1.9.11	Online sensors and measuring devices

1.9.12	Other accessories for spinning preparatory machinery
1. 10	Accessories for machinery for the production of man-made filaments and fibres and for filament treatment
1.10.1	Tubes
1.10.2	Filters for cleaning of polymers
1.10.3	Spinning, discharge and lubrication pumps
1.10.4	Spinnerets
1.10.5	Godets
1.10.6	Pressure rollers, cots and aprons, condensers
1.10.7	Online sensors and measuring devices
1.10.8	Other accessories for machinery for the production of man-made filaments and fibres and for filament treatment
1. 11	Accessories for spinning machines
1.11.1	Spindles and parts
1.11.2	Rings for ring-spinning machines
1.11.3	Travellers, inserting and dismantling tools for travellers
1.11.4	Rotors and parts
1.11.5	Opening rollers for rotor spinning machines
1.11.6	Other accessories for rotor spinning machines
1.11.7	Accessories for compact spinning machines
1.11.8	Sliver cans, springs
1.11.9	Tubes
1.11.10	Drafting systems
1.11.11	Pressure rollers, cots and aprons, condensers
1.11.12	Spindle tapes and tangential belts
1.11.13	Yarn cleaners, knotters, splicers
1.11.14	Steel pins
1.11.15	Yarn brakes
1.11.16	Yarn thread guides
1.11.17	Flat and conveyor belts
1.11.18	Ceramic and porcelain accessories
1.11.19	Roller coverings
1.11.20	Leather accessories
1.11.21	Online sensors and measuring devices
1.11.22	Other accessories for spinning machines
1. 12	Accessories for automatic doffing, piecing and transport systems for spinning preparation and spinning machines
1.12.1	Flat and conveyor belts
1.12.2	Other accessories for automatic doffing, piecing and transport systems for spinning preparation and spinning machines

Chapter 2

Machinery For Winding, Texturing, Twisting, Auxiliary Machinery And Accessories

2. 1	Winding and reeling and covering machinery
2.1.1	Cone and cheese winders
2.1.2	Precision cone and cheese winders
2.1.3	Pim winders
2.1.4	Winding machines for tubular cops
2.1.5	Winding machines for bottle bobbins
2.1.6	Sewing-thread winding machines
2.1.7	Winding machines for flanged bobbins
2.1.8	Reeling machines
2.1.9	Hank to cone winders
2.1.10	Balling winders
2.1.11	Card winding machines
2.1.12	Yarn singeing machines
2.1.13	Yarn raising machines
2.1.14	Covering machines
2.1.15	Rewinding machines
2.1.16	Other winding, reeling and covering machinery
2. 2	Yarn steaming, setting, moistening and coating machinery
2.2.1	Autoclaves for steaming
2.2.2	Heat-setting machines
2.2.3	Moistening machines
2.2.4	Yarn coating machines
2.2.5	Other yarn steaming, setting and moistening machinery
2. 3	Texturing, bulking and crimping machinery
2.3.1	False-twist texturing machines
2.3.2	Air texturing machines
2.3.3	Air intermingling machines
2.3.4	Bulking and crimping machines
2.3.5	Other texturing, bulking and crimping machinery
2. 4	Doubling and twisting machinery for staple fibre and filament yarns
2.4.1	Doubling machines
2.4.2	Two-for-one twisters
2.4.3	Two-for-one twisters with heat treatment
2.4.4	Direct cabling machines
2.4.5	Up-twisters
2.4.6	Ring twisting frames

2.4.7	Ring doubling and twisting machines
2.4.8	Flyer twisting machines
2.4.9	Fancy twisters
2.4.10	Chenille yarn twisting machines
2.4.11	Other doubling and twisting machinery for staple fibre and filament yarns
2.5	Cordage and rope making machinery
2.5.1	Laying machines
2.5.2	Cabling and rope making machines
2.5.3	Other cordage and rope making machinery
2.6	Automatic doffing, piecing and transport systems for winding, texturing and twisting machines
2.6.1	Automatic doffing machines and devices
2.6.2	Automatic piecing devices
2.6.3	Automatic transport systems between spinning and winding, doubling and twisting machines
2.6.4	Other automatic doffing, piecing and transport systems for winding, texturing and twisting machines
2.7	Auxiliary machinery and devices for winding, texturing and twisting
2.7.1	Additional devices (e.g. humidifying, waxing, oiling, singeing, setting)
2.7.2	Bobbin strippers, tube cleaning machines
2.7.3	Other auxiliary machinery for winding, texturing and twisting
2.8	Accessories for winding, texturing and twisting machinery
2.8.1	Spindles and parts
2.8.2	Rings for ring-twisting
2.8.3	Travellers, inserting and dismantling tools for travellers
2.8.4	Tubes, cops
2.8.5	Spindle tapes and tangential belts
2.8.6	Yarn cleaners, knotters, splicers
2.8.7	Yarn break detectors
2.8.8	Yarn brakes
2.8.9	Yarn thread guides
2.8.10	Yarn warp sensors
2.8.11	Air texturizing and interlacing jets
2.8.12	False-twist units and parts
2.8.13	Flat and conveyor belts
2.8.14	Ceramic and porcelain accessories
2.8.15	Pressure rollers, cots and aprons, condensers
2.8.16	Online sensors and measuring devices
2.8.17	Other accessories for winding, texturing and twisting machinery

2. 9	Accessories for automatic doffing , piecing and transport systems for winding , texturing and twisting machines
2.9.1	Flat and conveyor belts
2.9.2	Other accessories for automatic doffing, piecing and transport systems for winding, texturing and twisting machines

Chapter 3

Machinery For Web Formation , Bonding And Finishing of Nonwovens and Felting, Auxiliary Machinery And Accessories

3. 1	Machinery for web formation
3.1.1	Bale breakers, bale pluckers
3.1.2	Opening, cleaning, blending and dosing machines
3.1.3	Feeding devices
3.1.4	Cards
3.1.5	Web laying machines
3.1.6	Machines for aerodynamic web formation
3.1.7	Machines for wet-laying of webs
3.1.8	Production lines for spunbonded and meltblown webs (for extruders, see 1.5.1)
3.1.9	Web drafting machines
3.1.10	Other machinery for web formation
3. 2	Machinery for bonding and finishing of nonwovens
3.2.1	Needle felting machines
3.2.2	Spunlace machines
3.2.3	Chemical bonding machines
3.2.4	Thermal bonding machines
3.2.5	Ultrasound bonding machines
3.2.6	Felting machinery
3.2.7	Hat-making machinery
3.2.8	Dryers for nonwovens
3.2.9	Calenders
3.2.10	Coating machines
3.2.11	Combining and laminating machines
3.2.12	Wadding sizing/glueing machines
3.2.13	Puncturing machines
3.2.14	Other machinery for bonding and finishing of nonwovens (for winding devices, see 8.7.9, for cutting, rolling and folding machinery see 8.6 , for warp knitting machinery , see 5.4.3 , for converting machines for packing, labelling and sample preparation, see 12.3.5)
3. 3	Auxiliary machinery and devices for web formation, bonding and finishing of nonwovens and felting
3.3.1	Mounting machines for flexible card clothing and metallic card wire
3.3.2	Card grinding machines
3.3.3	Card cleaning machines

3.3.4	Transport devices for nonwovens production
3.3.5	Chemical dispensing systems
3.3.6	Other auxiliary machinery for web formation, bonding and finishing of nonwovens and felting
3.4	Accessories for machinery for web formation, bonding and finishing of nonwovens and felting
3.4.1	Spinnerets for spunbonded and meltblown webs
3.4.2	Flexible card clothing
3.4.3	Metallic card wires
3.4.4	Conveyor belts, cross lapper belts
3.4.5	Felting needles
3.4.6	Hydroentangling jets
3.4.7	Calender bowls and rollers
3.4.8	Roller coverings
3.4.9	Web inspection systems
3.4.10	Online sensors and measurement devices
3.4.11	Other accessories for machinery for web formation, bonding and finishing of nonwovens and felting (for filters for cleaning of polymers, see 1.10.2)

Chapter 4

Weaving Preparatory Machinery, Weaving, Tufting Machinery, Auxiliary Machinery And Accessories

4.1	Weaving preparatory machinery
4.1.1	Creels
4.1.2	Sectional warping machines
4.1.3	Beam warping machines
4.1.4	Draw-warping machines
4.1.5	Beaming machines
4.1.6	Sizing/slashing machines
4.1.7	Indigo warp dyeing lines
4.1.8	Leasing machines
4.1.9	Drawing-in machines
4.1.10	Warp-tying machines
4.1.11	Hand knotters and splicers
4.1.12	Other weaving preparatory machinery
4.2	Weaving machinery
4.2.1	Rapier weaving machines
4.2.2	Projectile weaving machines
4.2.3	Air jet weaving machines
4.2.4	Water jet weaving machines
4.2.5	Multiphase weaving machines
4.2.6	Shuttle looms
4.2.7	Circular weaving machines

4.2.8	Narrow fabrics weaving machines
4.2.9	Other weaving machines
4.3	Weaving machinery for special purposes
4.3.1	Weaving machines for heavy fabrics, for paper making felts and for wire filter fabrics
4.3.2	Weaving machines for tyre cord fabrics
4.3.3	Weaving machines for glass, aramid or carbon yarns
4.3.4	Weaving machines for leno fabrics
4.3.5	Weaving machines for plush and velvet
4.3.6	Weaving machines for terry fabrics
4.3.7	Weaving machines for carpet and rugs
4.3.8	Label weaving machines
4.3.9	Sample weaving machines
4.3.10	Other weaving machines for special purposes
4.4	Shedding machinery and shedding programming devices
4.4.1	Cam motions
4.4.2	Dobbies, mechanical
4.4.3	Dobbies, electronic
4.4.4	Jacquards, mechanical
4.4.5	Jacquards, electronic
4.4.6	Programming devices
4.4.7	Devices for woven name selvedge and false selvedge
4.4.8	Other shedding machinery and shedding programming devices
4.5	Tufting machinery
4.5.1	Tufting machines
4.5.2	Table models and hand tufters
4.5.3	Patterning devices for tufting machines
4.5.4	Other tufting machinery
4.6	Auxiliary machinery for weaving preparatory, weaving and tufting
4.6.1	Machines for cleaning reeds, healds and drop wires
4.6.2	Shuttle rectifying machines
4.6.3	Pim strippers
4.6.4	Weft accumulators
4.6.5	Equipment for loom automatisation (for data monitoring and processing systems, see Chapter 14)
4.6.6	Separate cloth winding devices
4.6.7	Coating devices for direct use on weaving machines
4.6.8	Automatic exchange systems of warp and cloth beam and loom harness (quick style change)
4.6.9	Travelling cleaners for weaving machines
4.6.10	Transport devices for weaving preparatory and weaving

4.6.11	Other auxiliary machinery for weaving preparatory, weaving and tufting
4.7	Accessories for weaving preparatory, weaving and tufting machinery
4.7.1	Yarn brakes
4.7.2	Yarn thread guides
4.7.3	Ceramic and porcelain accessories
4.7.4	Healds
4.7.5	Reeds
4.7.6	Heald frames
4.7.7	Harnesses
4.7.8	Temples
4.7.9	Warp stop motions
4.7.10	Drop wires
4.7.11	Roller coverings
4.7.12	Leather accessories
4.7.13	Weft stop motions
4.7.14	Weft feelers
4.7.15	Cones, tubes and pirns for weaving
4.7.16	Pickers and lug straps
4.7.17	Rapier tapes, rapiers
4.7.18	Shuttles
4.7.19	Nozzles for weaving machines
4.7.20	Jacquard and dobby cards
4.7.21	Beams, beam flanges
4.7.22	Beams for narrow fabrics
4.7.23	Pick counters
4.7.24	Cutting devices for weaving machines
4.7.25	Tufting grippers, needles and cutters
4.7.26	Fabric inspection systems
4.7.27	Online sensors and measuring devices
4.7.28	Other accessories for weaving preparatory, weaving and tufting machinery

Chapter 5	Knitting And Hosiery Machinery, Auxiliary Machinery And Accessories
5.1	Preparatory machinery for knitting and hosiery
5.1.1	Creels
5.1.2	Beam warping machines
5.1.3	Sectional warping machines
5.1.4	Other preparatory machinery for knitting and hosiery
5.2	Circular knitting and hosiery machinery
5.2.1	Single cylinder knitting machines, over 165 mm cylinder diameter

5.2.2	Single cylinder electronic jacquard knitting machines, over 165 mm cylinder diameter
5.2.3	Double cylinder knitting machines, over 165 mm cylinder diameter
5.2.4	Double cylinder electronic jacquard knitting machines, over 165 mm cylinder diameter
5.2.5	Single cylinder knitting machines, up to 165 mm cylinder diameter
5.2.6	Double cylinder knitting machines, up to 165 mm cylinder diameter
5.2.7	Knitting machines for socks
5.2.8	Other circular knitting and hosiery machinery
5.3	Flat knitting machinery
5.3.1	Flat bed knitting machines
5.3.2	Straight-bar knitting machines (cotton looms)
5.3.3	Other flat bed knitting machinery
5.4	Warp knitting machines
5.4.1	Flat warp knitting machines
5.4.2	Raschel machines
5.4.3	Multiaxial warp knitting machines, stitch bonding machines
5.4.4	Crochet machines
5.4.5	Other warp knitting machinery
5.5	Knitting machines for special purposes
5.5.1	Knitting machines for seamless products
5.5.2	High pile circular knitting machines
5.5.3	Garment length knitting machines
5.5.4	Knitting machines for gloves
5.6	Auxiliary machinery for knitting and hosiery production
5.6.1	Yarn feeders
5.6.2	Unraveling machine
5.6.3	Electronic pattern preparing systems
5.6.4	Separate cloth winding devices
5.6.5	Travelling cleaners for knitting machines
5.6.6	Transport devices for knitting and hosiery production
5.6.7	Other auxiliary machinery for knitting and hosiery production
5.7	Accessories for knitting and hosiery machinery
5.7.1	Needles
5.7.2	Jacks
5.7.3	Knitting cylinders
5.7.4	Roller coverings
5.7.5	Sinkers
5.7.6	Sectional beams

5.7.7	Yarn thread guides
5.7.8	Ceramic and porcelain accessories
5.7.9	Yarn control devices
5.7.10	Needle control devices
5.7.11	Online sensors and measuring devices
5.7.12	Other accessories for knitting and hosiery machinery

Chapter 6

Embroidery Machinery, Auxiliary Machinery And Accessories

6. 1	Embroidery machinery
6.1.1	Preparatory machinery for embroidery
6.1.2	Shuttle embroidery machines (single and multi head)
6.1.3	Embroidery machines and automatic units (single head)
6.1.4	Embroidery machines and automatic units (multi head)
6.1.5	Chenille embroidery machines
6.1.6	Other embroidery machinery
6. 2	Auxiliary machinery for embroidery
6.2.1	Embroidery sequin devices
6.2.2	Embroidery laser devices
6.2.3	Other auxiliary embroidery machinery
6. 3	Accessories for embroidery machinery
6.3.1	Yarn thread guides
6.3.2	Shuttles
6.3.3	Needles
6.3.4	Ceramic and porcelain accessories
6.3.5	Online sensors and measuring devices
6.3.6	Other accessories for embroidery machinery

Chapter 7

Braiding Machinery And Accessories

7. 1	Braiding machinery
7.1.1	Preparatory and auxiliary machinery for braids and trimmings
7.1.2	Braiding machines
7.1.3	Machines for trimmings
7.1.4	Lace braiding machines
7.1.5	Fringeing machines
7.1.6	Other braiding machinery
7. 2	Accessories for braiding machinery
7.2.1	Yarn thread guides

7.2.2	Ceramic and porcelain accessories
7.2.3	Bobbins
7.2.4	Online sensors and measuring devices
7.2.5	Other accessories for braiding machinery

Chapter 8

Washing, Bleaching, Dyeing, Drying, Finishing, Cutting, Rolling and Folding Machinery, Auxiliary Machinery And Accessories

8. 1	Dry and wet pre-treatment machinery
8.1.1	Carbonising machines
8.1.2	Singeing machines
8.1.3	Fabric cleaning machines, beating and dust removal machines
8.1.4	Crabbing machines, kiers, boiling apparatus
8.1.5	Desizing machines
8.1.6	Bleaching apparatus and machines, batch
8.1.7	Bleaching plant, continuous
8.1.8	Yarn washing machines
8.1.9	Rope washing machines
8.1.10	Open-width washing machines
8.1.11	Solvent washing machines
8.1.12	Milling/fuling machines
8.1.13	Mercerising machines for yarns
8.1.14	Mercerising machines for woven and knitted fabrics
8.1.15	Other dry and wet pre-treatment machinery (for padding and impregnating machines , see 8.5.31 , for machines for plasma treatment, see 8.5.30)
8. 2	Dyeing machines and apparatus
8.2.1	Continuous dyeing lines for tows and tops
8.2.2	Continuous dyeing lines for yarn
8.2.3	Continuous dyeing lines for warp
8.2.4	Continuous dyeing machines for narrow fabrics
8.2.5	Continuous dyeing machines for carpets
8.2.6	Continuous dyeing machines for other fabrics
8.2.7	Piece dyeing machines of terry towels and carpets
8.2.8	HT dyeing apparatus for cones
8.2.9	HT dyeing apparatus for beams
8.2.10	Yarn dyeing apparatus, atmospheric pressure
8.2.11	Padding mangles
8.2.12	Cabinet hank dyeing machines
8.2.13	Fabric dyeing apparatus, atmospheric pressure
8.2.14	Jet dyeing machines
8.2.15	HT overflow dyeing machines
8.2.16	Overflow dyeing machines, atmospheric pressure

8.2.17	Winch becks
8.2.18	Jiggers
8.2.19	Star-frame dyers
8.2.20	Random dyeing machines for fabrics
8.2.21	Centrifugal dyeing machines
8.2.22	Drum dyeing machines
8.2.23	Oval paddle dyeing machines
8.2.24	Sample dyeing equipment
8.2.25	Laboratory dyeing apparatus
8.2.26	Other dyeing machines and apparatus
8.3	Water extraction machines
8.3.1	Roller squeezers
8.3.2	Suction extractors
8.3.3	Centrifugal hydro-extractors
8.3.4	Other water extraction machines
8.4	Tentering and drying machines
8.4.1	Equalising machines
8.4.2	Tentering and stentering machines
8.4.3	Float dryers
8.4.4	Tensionless and conveyor dryers
8.4.5	Continuous tumblers
8.4.6	Loop dryers, festoon dryers
8.4.7	Loop steamers
8.4.8	Steam dryers
8.4.9	Hot flues
8.4.10	Post-printing dryers, drying lofts
8.4.11	Suction drum dryers, sieve drum dryer
8.4.12	Infrared dryers
8.4.13	Vertical dryers
8.4.14	Cylinder drying machines, drum drying machines
8.4.15	Felt calenders
8.4.16	Hank dryers
8.4.17	Package dryers
8.4.18	Tunnel dryers
8.4.19	Radio frequency dryers
8.4.20	Drying chambers, ovens
8.4.21	Vacuum dryers
8.4.22	Discontinuous tumblers
8.4.23	Other tentering and drying machines

8. 5	Finishing machines
8. 5. 1	Damping machines
8. 5. 2	Agers, steaming machines and apparatus
8. 5. 3	Decatising machinery
8. 5. 4	Raising machines
8. 5. 5	Tigering machines
8. 5. 6	Polishing machines
8. 5. 7	Shearing machines
8. 5. 8	Cutting machines for velvets and velveteens
8. 5. 9	Suede finishing machines
8. 5. 10	Brushing machines
8. 5. 11	Waxing machines
8. 5. 12	Pile finishing machines
8. 5. 13	Finish breaking machines
8. 5. 14	Air jet finishing machines
8. 5. 15	Calenders
8. 5. 16	Singeing machines
8. 5. 17	Roller presses
8. 5. 18	Finishing presses
8. 5. 19	Knitwear ironing presses
8. 5. 20	Preboarding machines
8. 5. 21	Boarding machines for knitwear
8. 5. 22	Finishing machines for knitwear
8. 5. 23	Finishing machines for narrow fabrics
8. 5. 24	Pleating machines for the textile industry (for the garment making industry, see 10.5.6)
8. 5. 25	Carpet glueing machines
8. 5. 26	Shrinking machines (for shrinking machines for garments, see 10.3.1)
8. 5. 27	Polymerisers
8. 5. 28	Combining and laminating machines
8. 5. 29	Coating machines
8. 5. 30	Machines for plasma treatment
8. 5. 31	Padding and impregnating machines
8. 5. 32	Degreasing machines
8. 5. 33	Laser machines for special effects on broad fabrics (for the garment making industry, see 10.5.10)
8. 5. 34	Other finishing machines
8. 6	Cutting, inspecting, measuring, rolling and folding machinery
8. 6. 1	Hot-cutting machines
8. 6. 2	Mechanical cutting machines
8. 6. 3	Laser cutting machines
8. 6. 4	Ultrasonic cutting machines
8. 6. 5	Inspecting machines (for inspecting machines for garments, see 10.3.4)

8.6.6	Measuring, rolling and folding machines for woven fabrics
8.6.7	Measuring, rolling and folding machines for knitted fabrics
8.6.8	Measuring, rolling and folding machines for nonwovens
8.6.9	Measuring, rolling and folding machines for narrow fabrics
8.6.10	Other cutting, inspecting, measuring, rolling and folding machinery
8.7	Auxiliary machinery for washing, bleaching, dyeing, drying, finishing, cutting, rolling and folding
8.7.1	Mixing machines for colours and finishing agents, colour straining and emulsifying
8.7.2	Dyeing colour kitchens
8.7.3	Colour and chemical dispensing systems
8.7.4	Grinding machines
8.7.5	Presses for bumps, tows and tops
8.7.6	Bag stitching and end-to-end sewing machines
8.7.7	Weft straighteners and other straightening devices
8.7.8	Rope detwisting, turning and slitting machines
8.7.9	Winding and plaiting devices
8.7.10	Transport devices for washing, bleaching, dyeing, drying, finishing, cutting, rolling and folding
8.7.11	Other auxiliary machinery for washing, bleaching, dyeing, drying, finishing, cutting, rolling and folding
8.8	Accessories for washing, bleaching, dyeing, drying, finishing, cutting, rolling and folding machinery
8.8.1	Shearing-blades and rollers
8.8.2	Dyeing spindles, dyeing tubes and cones
8.8.3	Dye beams
8.8.4	Pins, stenter clips and pin plates
8.8.5	Conveyor belts for dryers
8.8.6	Calender bowls
8.8.7	Flexible clothing for raising machines
8.8.8	Roller coverings
8.8.9	Stretching rollers
8.8.10	Expanders for fabrics in rope form
8.8.11	Fabrics guiding devices
8.8.12	Online sensors and measuring devices
8.8.13	Winding rollers
8.8.14	Decatising wrappers and blankets for finishing
8.8.15	Hosiery shapes
8.8.16	Temples
8.8.17	Other accessories for washing, bleaching, dyeing, drying, finishing, cutting, rolling and folding machinery

Chapter 9

Printing Machinery, Digital Printing, Auxiliary Machinery, Inks And Accessories

9. 1	Printing machinery
9.1.1	Top and yam printing machines
9.1.2	Roller printing machines
9.1.3	Flat screen printing machines
9.1.4	Rotary screen printing machines
9.1.5	Selvedge printing machines
9.1.6	Flock-printing machines
9.1.7	Other printing machinery
9. 2	Digital printing machinery
9.2.1	Inkjet Printers: UV inks
9.2.2	Inkjet Printers: Solvent inks
9.2.3	Inkjet Printers: Water-based inks
9.2.4	Inkjet Printers: Eco-solvent inks
9.2.5	Inkjet Printers: Latex inks
9.2.6	Inkjet Printers: Sublimation inks
9.2.7	Inkjet Printers: Pigment inks
9.2.8	Inkjet Plotters
9.2.9	Other inkjet printing machinery
9. 3	Auxiliary machinery for printing
9.3.1	Automated screen printing carriages
9.3.2	Transfer printing calenders
9.3.3	Auxiliary machinery for transfer printing
9.3.4	Transport devices for printing
9.3.5	Decal / labelling Printers
9.3.6	Cleaning machines for screens
9.3.7	Colour kitchens for printing paste preparation
9.3.8	Patterning systems for flat screens
9.3.9	Roller engraving machines
9.3.10	Engraving systems for rotary screens
9.3.11	Other auxiliary machinery for printing
9. 4	Accessories for printing machinery
9.4.1	Screens for printing
9.4.2	Papers for transfer printing
9.4.3	Printing rollers
9.4.4	Ink jet printing heads
9.4.5	Ink jet printing cartridges

9.4.6	Blankets for printing
9.4.7	Online sensors and measuring devices
9.4.8	Other accessories for printing
9.5	Inks
9.5.1	Screen printing inks
9.5.2	Digital printing inks
Chapter 10	Garment Making Machinery, Other Textile Processing Machinery, Auxiliary Machinery And Accessories
10.1	Software and systems for product planning, design and related automation technology for garment making
10.1.1	CAD computer aided design system
10.1.2	Pattern-making equipment and systems
10.1.3	Grading equipment and systems
10.1.4	Marker-making equipment and systems
10.1.5	CAM computer aided monitoring systems
10.1.6	Other software and systems for product planning, design and related automation technology for garment making
10.2	Equipment for product development
10.2.1	Plotters
10.2.2	Digitisers
10.2.3	Body forms and mannequins
10.2.4	3D body scanners
10.2.5	Other equipment for product development
10.3	Machinery for shrinking, fusing, cutting preparation, cutting and related automation technology
10.3.1	Shrinking machines for garments (for shrinking machines for fabrics, see 8.5.26)
10.3.2	Fusing equipment and machines
10.3.3	Fabric spreading, laying and unrolling machines
10.3.4	Fabric inspecting machines for garments (for inspecting machines for fabrics, see 8.6.5)
10.3.5	Automatic cutting systems
10.3.6	Hand operated cutting machines
10.3.7	Laser cutting machines
10.3.8	Die-cutting machines and press-cutting machines
10.3.9	Strip-cutting equipment and machines
10.3.10	Other cutting equipment and machines
10.4	Machinery for sewing, quilting and linking
10.4.1	Sewing machines (chainstitch)
10.4.2	Sewing machines (lockstitch)
10.4.3	Sewing machines (overedge, cover and other multi-thread stitch types)

10.4.4	Automatic button-sewing machines
10.4.5	Automatic buttonhole machines
10.4.6	Automatic tacking machines (mechanically or CNC programme controlled)
10.4.7	Belt-making and button-covering machines
10.4.8	Blindstitching and felling machines
10.4.9	Domestic sewing machines
10.4.10	Machines for attaching press-studs, rivets, hooks and eyes
10.4.11	Automated sewing units
10.4.12	Sewing machines for decorative effects
10.4.13	Other sewing machinery
10.4.14	Sewing workstations and associated equipment
10.4.15	Ultrasonic seaming equipment
10.4.16	High frequency welding machines
10.4.17	Quilting and mattress machinery
10.4.18	Cushion machines and other filling machinery
10.4.19	Linking machines
10.4.20	Other machinery for sewing, linking and quilting
10.5	Machinery and equipment for product finishing
10.5.1	Label printing machinery
10.5.2	Transfer presses (including form presses, pressing accessories, pressing room system)
10.5.3	Ironing equipment (including iron stations)
10.5.4	Pressing machines
10.5.5	Steaming machines and cabinets
10.5.6	Pleating apparatus (for pleating machines for the textile industry, see 8.5.24)
10.5.7	Ink jet printing machines for garments and finished products (for ink jet printing machines for fabrics, see Chapter 9)
10.5.8	Screen printing machines for garments and finished products
10.5.9	Rhinestone attaching machines
10.5.10	Laser machines for special effects on garments (for laser machines for special effects on broad fabric, see 8.5.33)
10.5.11	Washing machines (including stone and enzyme washing machines)
10.5.12	Sand blasting machines
10.5.13	Other machinery for product finishing
10.6	Auxiliary machinery for the garment making industry
10.6.1	Serrated edge sample cutting machines
10.6.2	Folding machines for ready made textiles and garments
10.6.3	Hanging garment transportation systems
10.6.4	Rail systems for garment pieces
10.6.5	Trolleys for garment pieces
10.6.6	Other auxiliary machinery for the garment making industry

10. 7	Accessories for machinery for the garment making industry
10.7.1	Sewing machine parts and accessories
10.7.2	Sewing needles
10.7.3	Cutting room accessories
10.7.4	Online sensors and measuring devices
10.7.5	Other accessories for machinery for the garment making industry

Chapter 11
Laboratory Testing And Measuring Equipment And Accessories

11. 1	Devices for sample preparation
11.2	Testing devices for textile machinery parts (e.g. for spinnerets, card clothing etc.)
11.3	Textile testing and measuring equipment for fibres and yarns
11.4	Textile testing and measuring equipment for fabrics
11.5	Conditioning apparatus for laboratory
11.6	Hygroscopes
11.7	Colour measuring instruments
11.8	Equipment for textile chemistry
11.9	Accessories for laboratory testing and measuring equipment

Chapter 12
Transport, Handling, Logistics, Storing And Packing Equipment And Accessories

12. 1	Transport and handling equipment and accessories
12.1.1	Electronic Article Numbering (EAN) systems, bar coding systems
12.1.2	Radio Frequency Identification systems (RFID), transponder systems
12.1.3	General automatic conveying and handling equipment for the textile industry (for specific transport equipment see, chapters 1 to 10)
12.1.4	General hand conveying equipment (for specific transport equipment, see chapters 1 to 10)
12.1.5	Accessories for transport and handling equipment
12. 2	Warehouses and warehousing systems
12.2.1	Turnkey warehousing systems
12.2.2	Warehouses for bobbin pallets
12.2.3	Warehouses for fabric rolls
12.2.4	Warehouse handling equipment
12.2.5	Warehouse belt conveyors and sortation devices
12.2.6	Warehouse hanging garment conveyors and sortation devices
12.2.7	Racking, shelving, storage
12.2.8	Accessories for warehouses and warehousing systems

12. 3	Equipment for packing, labelling and sample preparation and accessories
12.3.1	Handling, packing, labelling and marking machines for yarns and fabrics
12.3.2	Handling, packing, labelling and marking machines for the garment making industry
12.3.3	Machines for preparation of textile samples
12.3.4	Accessories for equipment for packing, labelling and sample preparation
12.3.5	Converting machines

Chapter 13

Equipment For Recycling, Waste Reduction And Pollution Prevention And Accessories

13. 1	Equipment for recycling
13.1.1	Recycling of bottle flakes
13.1.2	Dryers of bottle flakes
13.1.3	Re-granulating equipment for tapes, fibres and nonwoven production waste
13.1.4	Other recycling systems
13. 2	Equipment for waste water treatment
13. 3	Equipment for the separation of solid, fluid and gaseous substances from exhaust air and exhaust water
13. 4	Heat Recovery Systems
13. 5	Equipment for waste management
13. 6	Other equipment for waste reduction and pollution prevention (for fibre and fabric reclamation lines, see 1.1.13 and 1.2.6)
13. 7	Accessories for equipment for recycling, waste reduction and pollution prevention

Chapter 14

Software For Design, Data Monitoring, Processing And Integrated Production

14. 1	Electronic design software and engineering systems (CAD, CAE)
14.1.1	Electronic systems for the spinning and winding industry
14.1.2	Electronic systems for the nonwovens industry
14.1.3	Electronic systems for the weaving industry
14.1.4	Electronic systems for the knitting industry
14.1.5	Electronic systems for the dyeing, printing and finishing industry
14.1.6	Electronic systems for laboratory testing and measuring
14.1.7	Electronic systems for the embroidery and braiding industry
14. 2	Software and systems for data monitoring and processing (CAM, including controls)
14.2.1	Data monitoring and control systems for the spinning and winding industry
14.2.2	Data monitoring and control systems for the nonwovens industry
14.2.3	Data monitoring and control systems for the weaving industry
14.2.4	Data monitoring and control systems for the knitting industry
14.2.5	Data monitoring and control systems for the dyeing, printing and finishing industry
14.2.6	Data monitoring and control systems for laboratory testing and measuring
14.2.7	Data monitoring and control systems for the embroidery, braiding and garment making industry

14. 3	Software systems for knowledge management, production management and supply chain management
14.3.1	Software for knowledge management
14.3.2	Software systems for Supply Chain Management (SCM) in textile networks
14.3.3	Software for Enterprise Resource Planning (ERP), Product Lifecycle Management (PLM) and Production Planning and Scheduling (PPS)
14.3.4	Warehouse and logistics management systems
14.3.5	Environmental management systems
14.3.6	Quality management systems

Chapter 15

Colourants And Chemical Auxiliaries For The Textile Industry

15. 1	Colourants and chemical auxiliaries relating to the spinning and winding industry
15.1.1	Dyes and pigments relating to the spinning and winding industry
15.1.2	Masterbatches and other chemical auxiliaries relating to the spinning and winding industry
15. 2	Colourants and chemical auxiliaries relating to the nonwovens industry
15.2.1	Dyes and pigments relating to the nonwovens industry
15.2.2	Masterbatches and other chemical auxiliaries relating to the nonwovens industry
15. 3	Colourants and chemical auxiliaries relating to the weaving industry
15.3.1	Dyes and pigments relating to the weaving industry
15.3.2	Chemical auxiliaries relating to the weaving industry
15. 4	Colourants and chemical auxiliaries relating to the knitting industry
15.4.1	Dyes and pigments relating to the knitting industry
15.4.2	Chemical auxiliaries relating to the knitting industry
15. 5	Colourants and chemical auxiliaries relating to the dyeing and finishing industry
15.5.1	Dyes and pigments relating to the dyeing and finishing industry
15.5.2	Chemical auxiliaries relating to the dyeing and finishing industry
15. 6	Colourants and chemical auxiliaries relating to the printing industry
15.6.1	Dyes and pigments relating to the printing industry
15.6.2	Chemical auxiliaries relating to the printing industry
15. 7	Colourants and chemical auxiliaries relating to the embroidery, braiding and garment making industry
15.7.1	Dyes and pigments relating to the embroidery, braiding and garment making industry
15.7.2	Chemical auxiliaries relating to the embroidery, braiding and garment making industry

Chapter 16

Equipment And Products To Ensure Machinery And Plant Operations

16. 1	Antistatic equipment
16. 2	Lubricating equipment, including mixers and lubricants/oils
16. 3	Power transmission equipment: electrical motors and drives
16. 4	Air conditioning plants (heating, ventilation, and air conditioning)
16. 5	Air humidifiers
16. 6	Air compressors
16. 7	Steam generators
16. 8	Specialised lighting and lighting fixtures
16. 9	Safety equipment to protect workers (e.g. work clothes, ear protectors, safety devices)
16. 10	Other equipment and products to ensure machinery and plant operations

Chapter 17

Services For The Textile Industry

17. 1	Technical information sources
17.1.1	Technical publications (including online publications)
17. 2	Other related services
17.2.1	Creative services for palette development, fabric and garment design
17.2.2	Textile and garment logistics
17.2.3	Pre-retail services
17.2.4	Industrial plant planning
17.2.5	Testing and verification services
17.2.6	Textile industry consultants
17.2.7	Leasing and financing services

Chapter 18

Research And Innovation

18. 1	Universities, colleges and other educational institutions for the textile industry
18. 2	Research institutions for textiles, technical textiles and garments
18. 3	Research institutions for environmental studies
18. 4	Standardisation organisations
18. 5	Councils for the Environment
18. 6	Network of textile research organisations
