Impressive Participation at ITMA 2023

Since its launch in 1951, ITMA has been recognised by the industry as the world's largest innovation launchpad for the textile and garment community. This year's exhibition in Milan saw the industry demonstrating remarkable resilience post-pandemic with an impressive participation rate that brought cutting-edge technologies to life.

Here's a look back at the numbers that made ITMA 2023 the definitive platform to transform the industry's future:

ITMA Blog

The ITMA 2023 exhibition has been all about making new textile machinery industry connections and re-establishing existing ones and can claim its own 'triple' – in sales, new software and sustainability. How is that claim substantiated?
