

Giorgio Calculli appointed as Managing Director of ACIMIT

Giorgio Calculli has accepted the role of the new Managing Director of ACIMIT, the Association of Italian Textile Machinery Manufacturers.

Earlier this appointment, Giorgio had been a part of ACIMIT since 2006, where he led various crucial departments, including training, internal relations, and technical aspects.

Calculli's new role comes as a transition from the previous Managing Director, Federico Pellegata, who dedicated 25 years to steering the Association.

Pellegata has now been named the CEO of ACIMIT Servizi srl, a subsidiary established by ACIMIT to provide support services to affiliated member companies, with a focus on promoting the Italian textile machinery industry both domestically and internationally.

Reflecting on his tenure, Federico Pellegata expressed his gratitude to ACIMIT's associated members, the Board, and past Association presidents for the enriching experience.

He emphasized his unwavering commitment to furthering the Italian textile machinery sector in his new capacity as the CEO of ACIMIT Servizi.

In this role, Pellegata will continue to tirelessly work towards ensuring that ITMA, the foremost textile machinery trade fair globally, remains a significant platform showcasing the accomplishments of Italian manufacturers in the sector.

This commitment carries forward the legacy established during 2015 and 2023 editions of the exhibition held in Italy.

ACIMIT Managing Director Giorgio Calculli said, "I wish to thank the Board of ACIMIT for the appointment and for the opportunity to lend continuity to the work carried out by Federico Pellegata, for whom the success enjoyed at the latest edition of ITMA is only the most evident expression."

I will work to further develop the membership base and ensure member companies receive maximum support from the Association in their business activities, he added.
