

ITALIAN TEXTILE MACHINERY INDUSTRY

SHAPING THE FUTURE

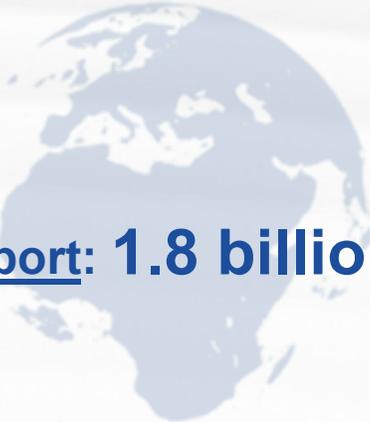

Focus: SYRIA

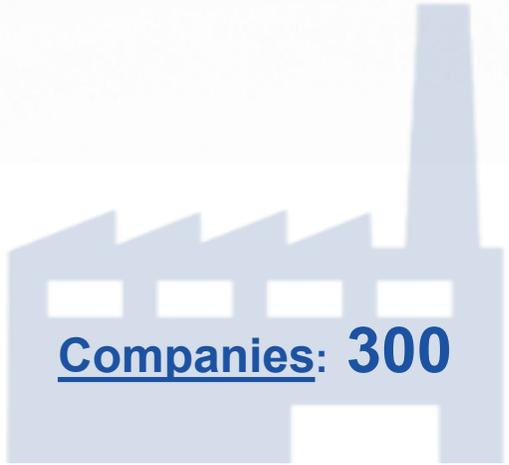

Key data – 2024 Figures

Production: **2.1 billion €**

Export: **1.8 billion €**

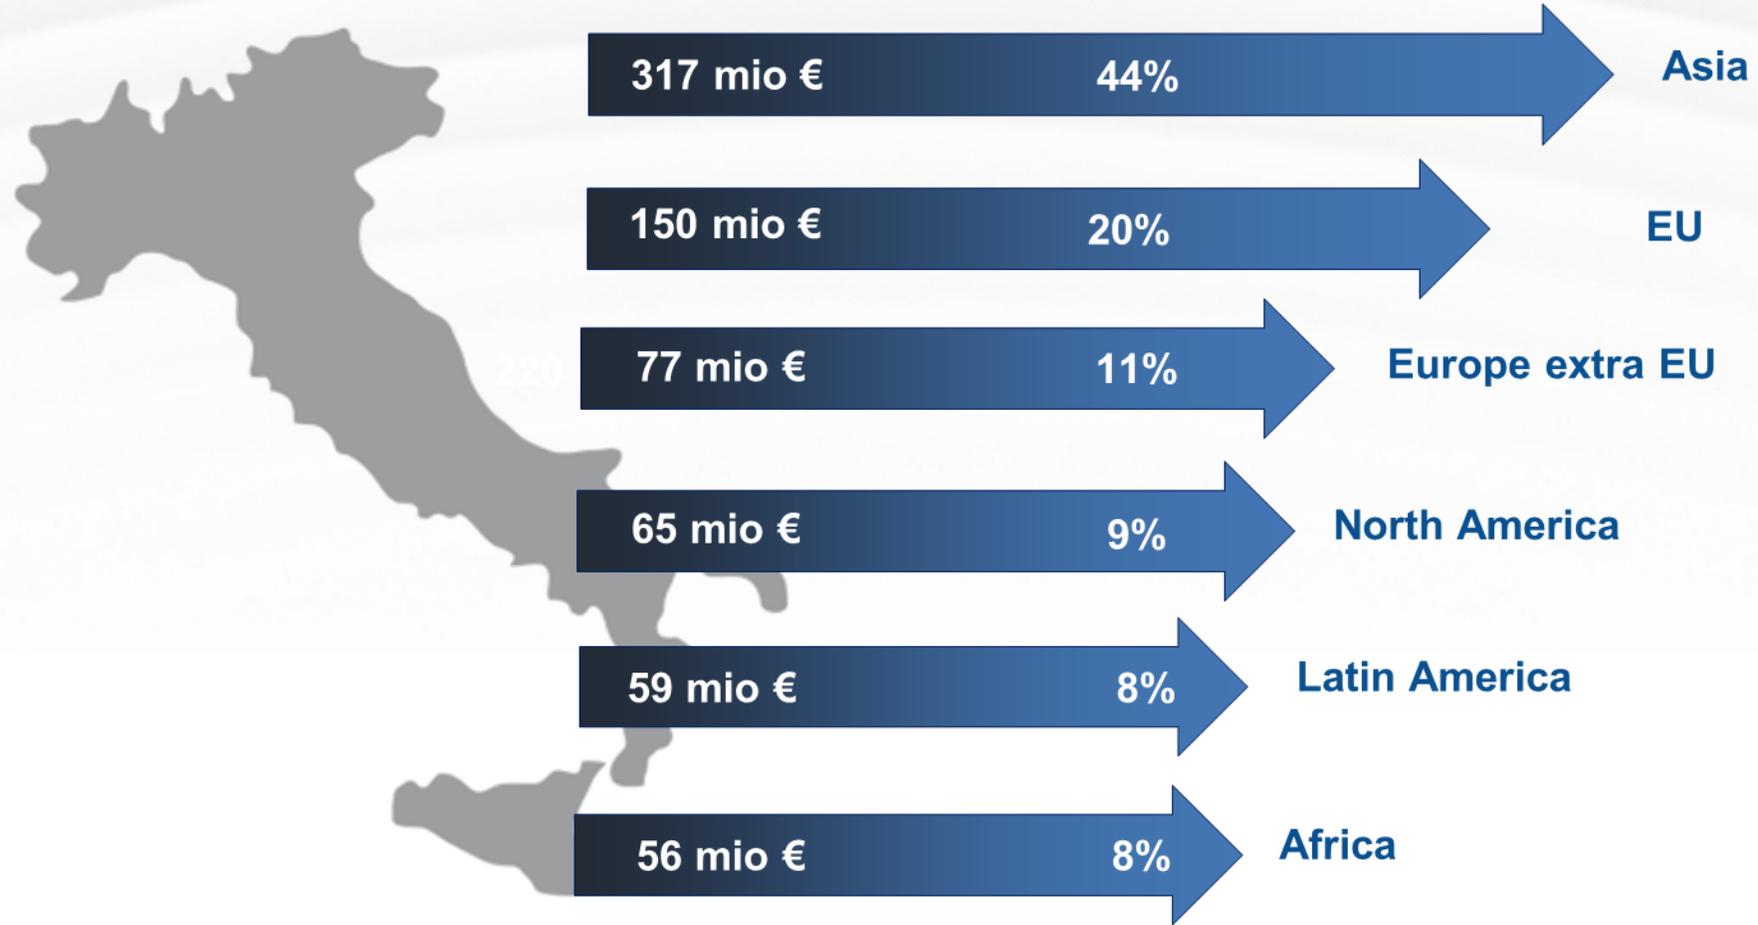

Companies: **300**

Employees: **12,500**

Exports by areas

CLIMA: COMMITTED TO LOW IMPACT MACHINERY

CLIMA IS A CERTIFICATION LABEL THAT IDENTIFIES THE ENERGY AND ENVIRONMENTAL PERFORMANCE (ECO-EFFICIENCY) OF TEXTILE MACHINERY.

CLIMA CERTIFIED
COMMITTED TO LOW IMPACT MACHINERY

ACIAMIT RIR

LOGO AZIENDA

The CLIMA Label is generated following the Implementation Rules of the Project CLIMA: Committed to Low Impact Machinery.

YEAR OF LABEL CREATION: _____

Valid until: _____
The Label is valid for 3 years from the year of creation.

MACHINE DESCRIPTION

Machine type: _____

Commercial name: _____

Configuration: _____

Up-to-date data collection (year): _____
machine/plant location: _____

PROCESS DESCRIPTION

Brief Process Description: _____

Processed Material: _____

Declared Unit: 1kg of processed material

PARTIAL CARBON FOOTPRINT
00.00 kgCO₂eq./processed material

The CFP only refers to the **use phase** of the reference work cycle of the machine/plant type (production and end-of-life phases are not considered).

CFP PERFORMANCE TRACKING
Previous Configuration: _____

ΔCFP=00.00 %

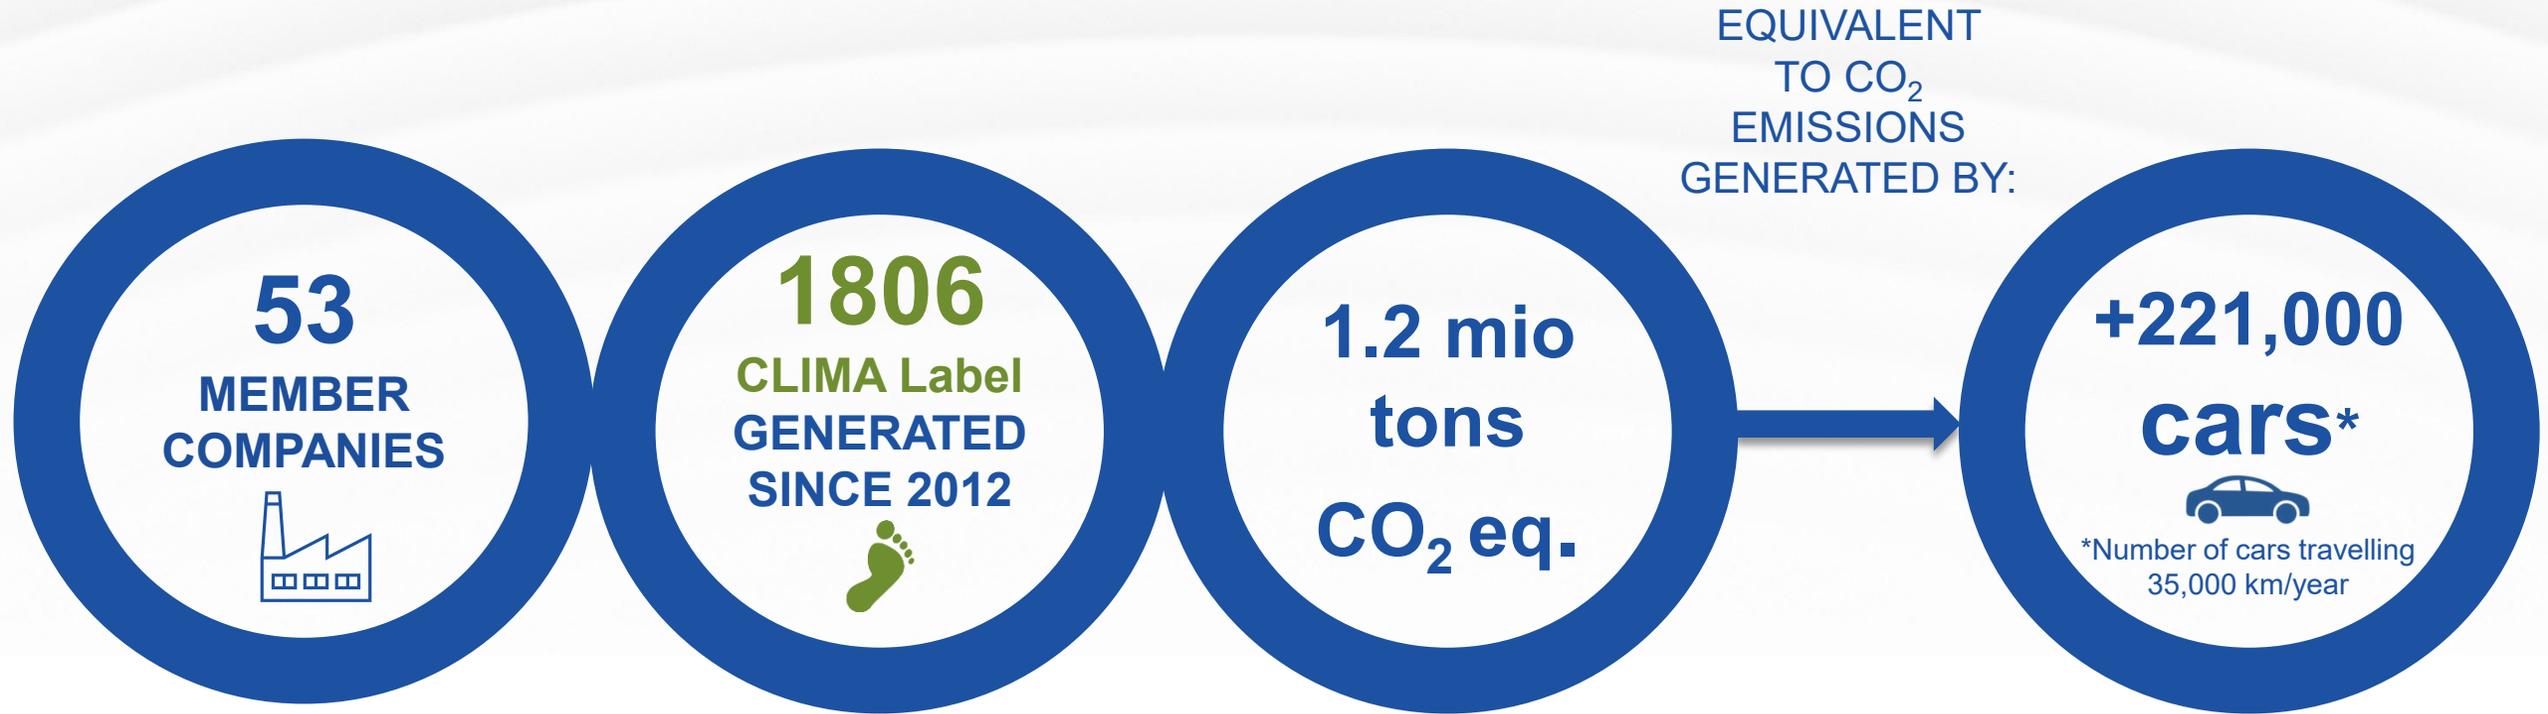

QR CODE
