Giza Spinning and Weaving

Contact point: Mrs. Farida Fadel Marzouk (farida@gizaspin.com)

Website: <https://gizaspin.com/>

Giza Spinning and Weaving Company is an Egyptian textile and apparel manufacturing group founded in 1979 as a family-owned business. The company's primary manufacturing operations are located in the Greater Cairo area, with the main site in Kafr Hakim, Kerdasa (Giza Governorate).

The Cairo factory operates as a fully vertically integrated facility, with in-house capabilities covering yarn spinning, knitting, weaving, dyeing, printing, garment cutting, sewing, washing, finishing, and packing.

Operations cover the full production cycle, from material processing and product development through bulk garment manufacturing and finishing. Giza's operating model emphasizes process integration, production reliability, and flexibility, allowing coordination between development, sampling, and large-scale manufacturing within the same industrial platform. Continuous investment in machinery, production capacity, and workforce skills is highlighted by the company as a core element of its long-term manufacturing strategy.

Kazareen Textile Company

Contact person: Eng. Ahmed Eid (a.eid@kazareen.com)

Website <https://kazareentextilegroup.com/>

Kazareen Textile Company (KTC) is a leading Egyptian textile, apparel, and fashion services provider, established in 1991 in Cairo, Egypt. As a member of the Mimar Invest Group, KTC delivers an integrated business model that spans design, manufacturing, marketing, retail, and global distribution of high-quality textiles and branded apparel. Leveraging Egypt's renowned long-staple cotton and advanced production capabilities, the company has grown into a globally recognized supplier serving international markets across Europe, North America, the Middle East, and Africa.

With large-scale manufacturing facilities located mainly in 6th of October City, Kazareen Textile Company specializes in knitwear, woven garments, home textiles, performance fabrics, uniforms, sportswear, and hospitality products. The company operates vertically integrated processes—from yarn preparation and fabric production to finishing and garment assembly—ensuring consistent quality, efficiency, and compliance with international standards.
